## **Technology company IAI industrial systems will expand and refurbish a banknote perforation system**

Technology company IAI industrial systems B.V. in Veldhoven, The Netherlands, a subsidiary of the stock listed company DOCDATA N.V. in Waalwijk, The Netherlands, will expand and refurbish a banknote perforation system which has been in service for many years at our customer.

The system applies the security feature known as MicroPerf® to banknotes. MicroPerf® is a perforated pattern with tiny holes that shows the denomination of the note for instance.

The expansion enables processing of more columns of banknotes in one sheet. The refurbishment includes replacement of important optical subsystems in the perforation system.

Being a leading equipment supplier to the Security Printing market, IAI industrial systems supplies systems for securing and/or personalisation of passports, ID-cards, driver licences, banknotes, diplomas and other security documents.

IAI's systems are in use in many countries such as: Netherlands, Belgium, Switzerland, Ireland, UK, Sweden, China, Russia, Ukraine, Canada, Portugal, Estonia, Costa Rica, Poland, Morocco, South Africa, Bulgaria, Algeria, India, Uzbekistan and Thailand.

Technology company IAI industrial systems also offers laser processing systems for special industrial applications.

-----

*The listed DOCDATA N.V. exists of two lines of business:*

**Technology company IAI industrial systems** ([www.iai-industrial-systems.com](http://www.iai-industrial-systems.com)) is a high tech engineering company specialised in developing and building systems for very accurate and high speed processing of all kinds of products and materials.
