Technology company IAI industrial systems will supply a banknote perforation system to China

Technology company IAI industrial systems B.V. in Veldhoven, The Netherlands, a subsidiary of the stock listed company DOCDATA N.V. in Waalwijk, The Netherlands, will supply a banknote perforation system to the Technology Center of the China Banknote Printing & Minting Corporation in Beijing, China.

The China Banknote Printing & Minting Corporation is part of the People's Bank of China.

The system is able to apply the well-known security feature named MicroPerf® which is already applied in e.g. Swiss, Russian and Romanian banknotes. Thanks to new innovations the system is also able to apply two new laser-perforated security features.

Being a leading equipment supplier to the Security Printing market, IAI industrial systems supplies systems for securing and/or personalisation of passports, ID-cards, driver licences, banknotes, diplomas and other security documents.

IAI's systems are in use in many countries such as: Netherlands, Belgium, Switzerland, Ireland, UK, Sweden, China, Russia, Ukraine, Canada, Portugal, Estonia, Costa Rica, Poland, Morocco, South Africa, Bulgaria, Algeria, India, Uzbekistan and Thailand.

Technology company IAI industrial systems also offers laser processing systems for special industrial applications.

The listed DOCDATA N.V. exists of two lines of business:

Technology company IAI industrial systems (www.iai-industrial-systems.com) is a high tech engineering company specialised in developing and building systems for very accurate and high speed processing of all kinds of products and materials. IAI delivers clients globally in the following sectors: securing and personalising of security documents, processing of solar cells and modules and processing of other materials and products.

E-commerce service company Docdata (www.docdata.com) is a European market leader with a strong basis in The Netherlands, Germany and the United Kingdom. Docdata offers a complete e-commerce service portfolio to clients, enabling them to be successful on the internet.

Waalwijk, The Netherlands, 6 January 2014
