

## 20 Ebusco 2.2 buses for Saarlouis region in Germany

### ***Ebusco signs contract with KVS GmbH Saarlouis for 12 & 18-meter buses***

Deurne, 18 January 2023 – Ebusco (Euronext: EBUS), a pioneer and frontrunner in the development of electric buses and charging systems, has signed a contract KVS GmbH Saarlouis for 15 Ebusco 2.2 12-meter and 5 Ebusco 2.2 18-meter buses. The delivery of these buses is planned for early 2024. With KVS, Ebusco welcomes a new customer in Germany, further strengthening its position in one the leading countries for Zero Emission transport.

The new Ebusco 2.2 buses will be used by public transport company KVS (GmbH Nahverkehrs-Unternehmen) in the state Saarland and city of Saarlouis. For this order, Ebusco competed against other e-bus suppliers in Germany and winning this tender once again highlights the competitiveness of the Ebusco 2.2 in terms of range and energy consumption.

Andreas Michel, Managing Director at KVS Saarlouis comments: *“Following the tender for electric buses for the KVS Saarlouis, Ebusco came out on top with the most advantageous offer. The Ebusco 2.2 low-floor buses have a very large radius of action and will help transform KVS's fleet step by step to emission-free transport.*

Wolfgang Hackauf, Sales Director at Ebusco comments: *“We are very proud to be able to win this tender for Ebusco. We are very much looking forward to working with KVS Saarlouis, together we can fulfill our common goal to make public transport more sustainable.”*

#### **About Ebusco**

Ebusco is a developer, manufacturer, and distributor of zero emission buses and charging systems as well as a supplier of ancillary products and services to the electric vehicle ecosystem. As an innovative frontrunner in the development of electric buses, its mission is to contribute to a better living environment by driving the transition to zero emission public transportation.

Ebusco's buses currently operate in multiple countries in Europe, including in major cities such as Amsterdam, Frankfurt, and Munich. Ebusco was founded in 2012 and had a workforce of 493 full-time employees as at 30 September 2022. The company is headquartered in Deurne, the Netherlands and has, next to its production facilities in Deurne, a third-party facility in Xiamen, China.

Since 22 October 2021 Ebusco is listed on Euronext Amsterdam.
