About OCI Partners LP

OCI Partners LP is a master limited partnership that owns and operates a recently upgraded, integrated methanol and ammonia production facility that is strategically located on the Texas Gulf Coast near Beaumont. The Partnership is headquartered in Nederland, Texas. The Partnership currently has a methanol production capacity of 730,000 metric tons per year and an ammonia production capacity of 265,000 metric tons per year. The facility is currently undertaking a debottlenecking project that we anticipate will increase its annual methanol production capacity by 25% to approximately 912,500 metric tons and its annual ammonia production capacity by 15% to approximately 305,000 metric tons. The project is expected to be completed during the third quarter of 2014.
