OCI successfully prices its \$600 million debut investment grade bond offering

OCI Global (Euronext: OCI) ("**OCI**" or the "**Company**") today announced the successful pricing of a 10-year USD benchmark bond offering of \$600 million senior unsecured notes due 2033 (the "**Notes**"), with fixed rate coupon of 6.70%. The Notes will be senior unsecured obligations of the Company and will be guaranteed by the Company's subsidiary, Iowa Fertilizer Company LLC. Interest will be payable semi-annually. The transaction is expected to close on 16 March 2023, subject to customary closing conditions.

The proceeds from the offering will be used for general corporate purposes and to pay fees and expenses incurred in connection with the offering.

Hassan Badrawi, Chief Financial Officer of OCI Global, commented: "We are excited to successfully complete our debut in the investment grade bond market. We are pleased with the support from investors, and the transaction was well-oversubscribed. In addition to extending our conservative debt maturity profile, the transaction also sets a benchmark for future issuances. We will continue to evaluate opportunities that strengthen our balance sheet as we position ourselves at the forefront of the hydrogen energy transition."
