

Press Release
TKH Group N.V. (TKH)

TKH acquires Funea Broadband Services

TKH announces that it has reached agreement on the acquisition of Funea Broadband Services B.V. located in Oosterhout, the Netherlands. Funea provides video and transmission systems for cable TV (CATV) and Fibre to the Home (FTTH) networks, and takes care of the installation, service and support thereof.

To the TKH Group, the activities of Funea are a good addition to the portfolio of telecom solutions. Furthermore, the position for solutions in the CATV and FTTH markets are strengthened by the good position of Funea in these markets. These solutions cater to the growing demand for upgrading of networks to adapt these for triple play- and ALL IP-solutions.

Funea realizes a turnover of approximately € 8 million on an annual basis with 19 employees (FTE).

The acquisition of Funea will positively contribute to TKH's earnings per share from the second quarter of 2006 onwards. The acquisition will be financed from TKH's existing cash reserves.

Haaksbergen, 12 April 2006

Executive Board

Profile

TKH Group NV (TKH) is an internationally operating group of companies that as a solution supplier has specialised in creating and supplying innovative Telecom, Building and Industrial Solutions.

The activities in the form of technologies, know-how, products and added value such as consulting, development, assembly and delivery of systems, form the building blocks for innovative solutions. These activities are concentrated in three groups: the Technical Trading Group, the Cable Group and the Machinery Group.

At TKH it is the solutions that play the central role, not the kind of activity.

The Telecom Solutions consist of solutions ranging from basic infrastructure to home networking applications, for both the outdoor and indoor telecom (ICT) -markets.

The Building Solutions comprise solutions ranging from efficient electrical engineering to ICT systems for the health care sector. In this segment TKH concentrates on cable systems and networks, intercom systems, nurse paging systems, access control and electricity distribution.

The Industrial Solutions consist of advanced solutions for production automation, car and truck tyre building systems and industrial systems in the field of specialty cable and cable accessories.

The 33 companies in the TKH Group are active all over the world. Its growth is concentrated on North West and Eastern Europe and Asia. In 2005 TKH secured a turnover of € 548 million with 2,723 employees.
