TKH Group N.V. (TKH)

Shareholders Optelecom-NKF approve take over by TKH

With reference to the intention of TKH to acquire the activities of Optelecom-NKF Inc., based in Germantown, United States of America (NASDAQ: OPTC, "Optelecom-NKF") as announced on 11 November 2010, TKH announces that during the Extraordinary General Meeting of Optelecom-NKF, held yesterday, the shareholders voted in favour of the intended acquisition by TKH as laid down in the merger agreement between both parties. TKH will acquire all shares in Optelecom-NKF, in an all cash transaction of \$ 2.45 per share. The total purchase price of the shares is \$ 9.2 million.

The transaction is expected to close on 27 January 2011, under the condition that all closing conditions in the merger agreement are fulfilled.

Following closing, the Optelecom-NKF activities will be integrated in TKH's security cluster, which is part of the business sector Building Solutions. The strategic fit between TKH and Optelecom-NKF is excellent. Optelecom-NKF's portfolio is complementary to TKH's existing portfolio. This acquisition is also in line with TKH's objective to increase the turnover generated by the security solutions to 20% of the total turnover.

Profile TKH Group NV

Technology company TKH Group NV (TKH) is an internationally active group of companies that specialises in the creation and delivery of innovative Telecom, Building and Industrial Solutions.

TKH specialises in solutions rather than certain types of activity. In TKH's business segments Telecom Solutions, Building Solutions and Industrial Solutions basic technologies in the fields of ICT and electro-technology from the various operating companies are combined – frequently in partnership with suppliers - to develop total solutions.

Specialists in the fields of marketing, process development, design, engineering and logistics add the final touch of advice and project implementation to enable TKH to offer its clients truly custom-made solutions. We subsequently offer these locally-developed concepts internationally, making optimal use of TKH's in-house experience and know-how.

Telecom Solutions develops, produces and supplies systems ranging from outdoor infrastructure for telecom and CATV networks through to indoor home networking applications. The focus in this business is to provide clients with systems that are totally care-free due to the accompanying system guarantees we provide. TKH Telecom Solutions operates in three distinct sub-segments: optical fibre networks, copper networks and indoor telecom systems.

Building Solutions develops, produces and supplies solutions in the field of efficient electro-technology ranging from applications within buildings through to technical systems that – combined with software – provide efficiency solutions for the care and security sectors. Building Solutions operates in three distinct sub-segments: building technologies, security systems and connectivity systems.

Industrial Solutions, develops, produces and supplies solutions ranging from specialty cable, “plug and play” cable systems through to integrated systems for the production of care and truck tyres. Industrial Solutions operates in two distinct sub-segments: connectivity systems and manufacturing systems.

TKH's continuous focus on research and development gives the company a portfolio of products and services that guarantee technologically-advanced solutions. TKH and its various operating companies are active worldwide. Growth is concentrated in

North West and Central and Eastern Europe and Asia. In 2009, TKH booked turnover of € 726 million with a workforce of 3,564 employees.
