

## PRESS RELEASE

**Brussels, 11 September 2025**

### **Hellenic Cables was awarded a contract by IPTO for the interconnection between Igoumenitsa and Corfu Island**

Cenergy Holdings announces that Hellenic Cables, its cables segment, was awarded a turnkey contract by the Independent Power Transmission Operator (IPTO) for the design, supply, and installation of a 150kV composite cable system interconnecting Igoumenitsa and Corfu, Greece.

The turnkey project includes the design, manufacture, installation, protection and commissioning of approx. 18 km of three-core submarine cables and 13 km of single-core underground cables. The 150kV composite submarine and underground cable system will further strengthen the reliability and increase the capacity of Greece's electricity transmission network.

The submarine cables will be produced at Hellenic Cables' facility in Corinth, Greece, while the land cables will be manufactured at Hellenic Cables' land cable facility in Thiva, Greece. The project will be completed within 22 months from the signing of the contract.

Kostas Savvakis, General Manager at Hellenic Cables, stated: *"We are proud to continue supporting IPTO in strengthening Greece's energy infrastructure with reliable and sustainable cable solutions. This project is another important milestone that reflects Hellenic Cables' commitment to engineering excellence, innovation, and support of in enhancing the Greek energy infrastructure."*

### **About Cenergy Holdings**

*Cenergy Holdings is a Belgian holding company listed on both Euronext Brussels and Athens Stock Exchange, investing in leading industrial companies, focusing on the growing global demand of energy transfer, renewables and data transmission. The Cenergy Holdings portfolio consists of Corinth Pipeworks and Hellenic Cables, companies positioned at the forefront of their respective high growth sectors. Hellenic Cables is one of the largest cable producers in Europe, manufacturing power and telecom cables as well as submarine cables. Corinth Pipeworks is a world leader in steel pipe manufacturing for the energy sector and major producer of steel hollow sections for the construction sector.
