Brussels, Belgium – 5 June 2018 – Keyware (EURONEXT Brussels: KEYW) reports on the progress of its share buy-back programme capped to EUR 1 million.

The Extraordinary General Shareholders Assembly of Keyware Technologies held on 27 May 2016 has authorized the Board of Directors to launch a share buy-back programme.

In May 2017, the Board of Directors has decided to start a share buy-back programme on 1 June 2017 capped to EUR 1 million and for a maximum term of 12 months. Since 31 May 2018 this term came to an end and so did the share buy-back programme.

The following disposals have taken place since the start of the programme on 1 June 2017:

- 29 December 2017 : 16,887 shares for an amount of EUR 25,000 (at a price of EUR 1.48 per share)

On aggregate, **625,576** treasury shares have been purchased under this programme for an amount of EUR 911,680.48.
