## DEMERGER PROPOSAL BY ABSORPTION

---

### 1. INTRODUCTION

- 1.1. In accordance with article 12:4 *juncto* article 12:59 of the Belgian Companies and Associations Code of 23 March 2019 (as amended from time to time) (the "**BCAC**"), (a) the board of directors of VOO S.A. SA ("**VOO**"), a limited liability company having its registered office at rue Jean Jaurès 46, 4430 Ans, Belgium, and with company number VAT BE 0696.668.549 (RLE Liège, division Liège), as the demerged company, (b) the board of directors of Orange NetCo SA ("**Orange NetCo**"), a limited liability company having its registered office at avenue du Bourget 3, 1140 Evere, Belgium, and with company number VAT BE 1022.514.315 (RLE Brussels, French-speaking division), as the beneficiary company of the Fixed Network Activities (as defined below), and (c) the board of directors of Orange Belgium SA/NV ("**Orange BE**"), a limited liability company having its registered office at avenue du Bourget 3, 1140 Evere, Belgium, and with company number VAT BE 0456.810.810 (RLE Brussels, French-speaking division), as the beneficiary company of the activities and services of VOO that are not linked to the Fixed Network Activities (the "**Other Activities**"), have jointly drawn up this demerger proposal by absorption (the "**Proposal**") pursuant to which VOO shall universally transfer, as a result of its dissolution without liquidation, all assets and liabilities constituting the Fixed Network Activities to Orange NetCo and all assets and liabilities constituting the Other Activities to Orange BE, in accordance with the terms and conditions set out in this Proposal (the "**Demerger**").
- 1.2. This Proposal has been approved by (a) the board of directors of VOO on 18 August 2025, (b) the board of directors of Orange BE on 18 August 2025, and (c) the board of directors of Orange NetCo on 18 August 2025. The Proposal contains an overview of the terms of the Demerger, as well as the information to be included therein in accordance with article 12:59 of the BCAC.

### 2. PROPOSED TRANSACTION

- 2.1. Orange BE is one of the main players in the telecommunications market in Belgium. Orange BE provides various telecommunications services (mobile and fixed), internet solutions, as well as other digital services to its customers. It offers its fixed telecommunications services via networks (Hybrid Fiber-Coaxial ("**HFC**"), Fiber to the Premises ("**FTTP**"), etc.) made available by other operators, as Orange BE does not have its own fixed access network. Orange BE offers its fixed telecommunications services (internet, television, fixed telephony) everywhere in Belgium.
- 2.2. VOO carries out a range of activities in the field of telecommunications and related services. VOO's fixed network is present in the Brussels-Capital Region and the Walloon Region. VOO is currently operating the roll-out and upgrade of HFC and FTTP networks, as well as the maintenance of the related infrastructure (the "**Fixed Network Activities**"). VOO has two Belgian subsidiaries, it being Wallonie Bruxelles Contact Center SA, abbreviated "W.B.C.C." (of which it is the sole shareholder), and BeTV

SA (of which it is also the sole shareholder). VOO is a 100% subsidiary of Orange BE, following the merger by absorption of VOO Holding SA by Orange BE on 28 June 2024.

- 2.3. Orange NetCo was incorporated on 17 April 2025 by Orange BE with the sole purpose of hosting the Fixed Network Activities, and is 100% owned by Orange BE as sole shareholder.
- 2.4. In the framework of the policy initiative digital decade 2030, several objectives have been set by the European Commission, including in the area of connectivity, to ensure a digital future at the European level. In this regard, fiber optic plays a key role. That is why Orange BE is considering adapting its fixed access networks by deploying a fiber optics network up to the subscriber (FTTP). However, despite the importance of fiber optics (especially in the long term for operational and energy efficiency reasons), what matters is the ability to connect more customers and offer them sufficient speed for current and future use, which is already achievable in the short term via the existing HFC network. For this reason, in addition to developing a FTTP access network, Orange BE has decided to maintain its HFC network.
- 2.5. In this context, Orange BE wishes to isolate the Fixed Network Activities and related infrastructure, currently held by its subsidiary VOO, in a dedicated entity, namely Orange NetCo, and to integrate the Other Activities within Orange BE. The separation of the Fixed Network Activities will make it possible to offer the use of this fiber optic and HFC network to other telecommunications operators in Belgium (and thus monetise it). Orange NetCo will be able to deal and cooperate directly with other operators in the sector, without compromising the other operational and commercial activities of Orange BE. Given the importance of the investments to be made in the context of the Fixed Network Activities, in particular for the construction of the future FTTP access network, significant bank financing will also be required, and it is preferable that the burden of such investments will be borne by a company dedicated to these activities. The isolation of the Fixed Network Activities will also make it possible, where appropriate, to attract one or more partners to finance and develop these activities. Furthermore, the absorption of the Other Activities by Orange BE will allow it to focus on the services offered to customers and to offer a single brand and services, which will ensure optimisation and rationalisation of resources to provide a higher quality service and thus realise part of the synergies envisaged in the context of the acquisition of VOO in 2023.
- 2.6. Therefore, in order to carry out the intended restructuring, the respective boards of directors of VOO, Orange BE and Orange NetCo propose to proceed with the Demerger.

### **3.2. Share exchange ratio (article 12:59, 2° of the BCAC)**

#### **3.2.1. Demerger and universal transfer of the Fixed Network Activities from VOO to Orange NetCo**

- (a) As a result of the Demerger, all assets and liabilities constituting the Fixed Network Activities shall be demerged from VOO and transferred universally by way of contribution in kind to Orange NetCo. Following the Demerger, VOO shall be dissolved without liquidation.
- (b) Orange BE currently holds, and shall hold at the time of the Demerger, as sole shareholder, (i) all 123,000 ordinary shares issued by Orange NetCo, and (ii) all 8,067,947 ordinary shares issued by VOO. Orange NetCo shall issue new shares to Orange BE (as sole shareholder of VOO) at the time of the Demerger in consideration for the Demerger and the contribution in kind of the Fixed Network Activities by VOO to Orange NetCo.
- (c) It is proposed that the number of new shares to be issued by Orange NetCo will be calculated on the basis of the book value of the Fixed Network Activities as at 30 June 2025, divided by the fractional value of the existing shares of Orange NetCo. This approach is justified for the following reasons:
  - (i) Orange BE is the sole shareholder of VOO and Orange NetCo.
  - (ii) Orange NetCo was incorporated by Orange BE on 17 April 2025 as a direct and 100% owned subsidiary of Orange BE. Orange NetCo has no activity, nor any substantial assets or liabilities other than its share capital amounting to EUR 61,500. In view of the foregoing, the Demerger and the contribution in kind of the Fixed Network Activities by VOO to Orange NetCo is essentially similar to a demerger by incorporation of a new company.
- (d) As at 30 June 2025, the book value of the Fixed Network Activities amounted to EUR 664,122,191.33. The share capital of Orange NetCo currently amounts to EUR 61,500 and is represented by 123,000 registered ordinary shares without nominal value. The fractional value of each share of Orange NetCo therefore amounts to EUR 0.50.
- (e) By way of contribution in kind of the Fixed Network Activities by VOO to Orange NetCo in the context of the Demerger, it is proposed that the equity of Orange NetCo be increased by an amount of EUR 664,122,191.33, which amount consists of (i) EUR 621,364,532.39 in share capital, (ii) EUR 2,452,414.27 in legal reserves, (iii) EUR 18,032,161.62 in retained earnings, and (iv) EUR 22,273,083.05 in subsidies. Consequently, the share capital of Orange NetCo shall be increased by EUR 621,364,532.39, bringing it from EUR 61,500 to EUR 621,426,032.39, in consideration for the issuance of 1,328,244,383 new shares by Orange NetCo to Orange BE (as sole shareholder of VOO). As a reminder, this number of shares was calculated by dividing the book value of the Fixed Network Activities as at 30 June 2025 by the fractional value of the existing shares of Orange NetCo and rounding the result up to the nearest whole number.
- (f) No cash payment shall be made by Orange NetCo in the context of the Demerger and the universal transfer of the Fixed Network Activities by VOO to Orange NetCo.

#### **3.2.2. Demerger and universal transfer of the Other Activities from VOO to Orange BE**

- (a) As a result of the Demerger, all assets and liabilities constituting the Other Activities shall be demerged from VOO and transferred universally to Orange BE. Following the Demerger, VOO shall be dissolved without liquidation.
- (b) In the context of the Demerger and the universal transfer of the Other Activities of VOO to Orange BE, in accordance with article 12:71, §2 of the BCAC, and given that Orange BE is the

sole shareholder of VOO, no shares of Orange BE shall be issued and/or allocated in exchange for shares of VOO.

- (c) In the context of the Demerger, it is proposed that the Other Activities be valued on the basis of their book value as at 30 June 2025, it being EUR 70,538,060.36.
- (d) No cash payment shall be made by Orange BE in the context of the Demerger and the universal transfer of the Other Activities from VOO to Orange BE.

### **3.3. Terms of delivery of the shares of the beneficiary companies (article 12:59, 3° of the BCAC)**

#### **3.3.1. Demerger and universal transfer of the Fixed Network Activities from VOO to Orange NetCo**

- (a) In the context of the Demerger and the universal transfer of the Fixed Network Activities from VOO to Orange NetCo, on the Effective Date of the Demerger (as defined below), Orange NetCo shall issue, as set out in section 3.2.1 above, the new shares to Orange BE (as sole shareholder of VOO).
- (b) All such new shares shall be issued in registered form and, in accordance with article 7:28 of the BCAC, shall be recorded in the register of registered shares of Orange NetCo by a director of Orange NetCo or by a special proxy holder, immediately after their issuance.

#### **3.3.2. Demerger and universal transfer of the Other Activities from VOO to Orange BE**

In the context of the Demerger and the universal transfer of the Other Activities of VOO to Orange BE, in accordance with article 12:71, §2 of the BCAC, and given that Orange BE is the sole shareholder of VOO, no shares of Orange BE shall be issued and/or allocated in exchange for shares of VOO. Consequently, there are no terms of delivery of shares.

### **3.4. Date from which the shares of the beneficiary companies give the right to participate in profits, as well as any special terms relating to this right (article 12:59, 4° of the BCAC).**

#### **3.4.1. Demerger and universal transfer of the Fixed Network Activities from VOO to Orange NetCo**

In the context of the Demerger and the universal transfer of the Fixed Network Activities from VOO to Orange NetCo, the new shares issued by Orange NetCo shall be fully paid up and shall entitle their holders to participate in the profits of Orange NetCo on a *pro rata temporis* basis as from 1 July 2025 and for the entire duration of the financial year during which such shares are issued. There are no specific terms relating to this right.

#### **3.4.2. Demerger and universal transfer of the Other Activities from VOO to Orange BE**

In the context of the Demerger and the universal transfer of the Other Activities from VOO to Orange BE, in accordance with article 12:71, §2 of the BCAC, and given that Orange BE is the sole shareholder of VOO, no shares of Orange BE shall be issued and/or allocated in exchange for shares of VOO. This section is therefore not applicable in the present case.

### **3.5. Date as of which the operations of VOO shall be considered from an accounting and tax perspective as carried out for the account of one or the other of the beneficiary companies (article 12:59, 5° of the BCAC)**

#### **3.5.1. From an accounting and tax perspective, the Demerger shall be carried out with retroactive effect as of 1 July 2025 (the "**Retroactive Date**"). Consequently, from an accounting and tax perspective:**

- (a) (i) all operations of VOO as from the Retroactive Date relating to the assets and liabilities constituting the Fixed Network Activities shall be deemed to have been carried out for the account of Orange NetCo, and (ii) all profits and losses related to the Fixed Network Activities

and realised during the period since the Retroactive Date shall be deemed to have been realised by Orange NetCo; and

- (b) (i) all operations of VOO as from the Retroactive Date relating to the assets and liabilities constituting the Other Activities shall be deemed to have been carried out for the account of Orange BE, and (ii) all profits and losses related to the Other Activities and realised during the period since the Retroactive Date shall be deemed to have been realised by Orange BE.

3.5.2. From a legal perspective, the Demerger shall take effect at 11:59 p.m. (Belgian time) on the date on which the respective extraordinary general meetings of VOO, Orange BE and Orange NetCo decide to approve the Demerger (the "**Effective Date of the Demerger**").

**3.6. Rights granted by the beneficiary companies to the sole shareholder of VOO or measures proposed in its regard (article 12:59, 6° of the BCAC)**

The articles of association of VOO do not provide for any special rights for its security holders. Moreover, the share capital of VOO is represented solely by ordinary shares, all of which are held by Orange BE (as sole shareholder of VOO), and VOO has not issued any other securities. Consequently, no special rights shall be granted to Orange BE (as sole shareholder of VOO) in the context of the Demerger, Orange BE being the sole holder of securities issued by VOO.

**3.7. Emoluments granted to the auditors for the drafting of their report provided for in article 12:62 of the BCAC (article 12:59, 7° of the BCAC)**

3.7.1. Its remuneration for this assignment has been set at EUR 6,500.00.

**3.8. Any special benefit granted to the members of the administrative bodies of the companies participating in the Demerger (article 12:59, 8° of the BCAC)**

The respective directors of VOO, Orange BE and Orange NetCo have not received, do not receive and will not receive any special benefit (within the meaning of article 12:59, 8° of the BCAC) in the context of the Demerger.

**3.9. Precise description and allocation of the elements of the assets and liabilities to be transferred to each of the beneficiary companies (article 12:59, 9° of the BCAC)**

**3.9.1. Definitions**

For the purposes of this section 3.9, the following definitions shall apply:

- (a) "**Assets**" means, with respect to any person, the assets, rights, interests, claims and property of any kind, real and personal, tangible, intangible and conditional, wherever located (including in

the possession of suppliers, distributors or other third parties or elsewhere), of such person, including the rights and benefits arising from any contract, licence, permit, loan, mortgage, agreement, concession, franchise, instrument, undertaking, arrangement or other arrangement, as well as any right or benefit arising from any proceeding or any legal provision.

- (b) "**Contract**" means any contract, agreement, arrangement, undertaking or understanding to which VOO is a party or by which it is bound, whether written or not.
- (c) "**Balance Sheet of VOO**" means the pro forma balance sheet of VOO as at 30 June 2025, which reflects the allocation of the Fixed Network Activities to Orange NetCo and the Other Activities to Orange BE, as attached to the Proposal as Annex 1.
- (d) "**Liabilities**" means all debts, obligations, liabilities, claims and counterclaims, losses, damages (whether compensatory, punitive, consequential, incidental, triple or otherwise), fines, penalties and sanctions, absolute or conditional, due or not due, liquidated or unliquidated, foreseen or unforeseen, joint, several or individual, asserted or unasserted, accrued or unaccrued, known or unknown, of any origin, including those arising from or in connection with any law or other statement of governmental authorities having the force of law, proceeding, threat of proceeding, order or decree of approval of a governmental authority or arbitral awards of an arbitral tribunal, as well as those arising from a Contract, guarantee, undertaking or promise, whether imposed by a governmental authority, a private party or another party, whether based on contract, tort, implied or express warranty, strict liability, criminal or civil law or otherwise, including costs, expenses, interest, attorneys' fees, disbursements and counsel expenses, expert and consultant fees and costs related thereto or to the investigation or defence thereof.

### 3.9.2. General rules

- (a) As a general rule, all Assets, Liabilities, rights and obligations, including any latent debt or obligation, of VOO that are related to, or used or held to be used in connection with, the Fixed Network Activities shall be transferred to Orange NetCo (unless expressly provided otherwise in this Proposal) in the context of the Demerger as from the Effective Date of the Demerger and in accordance with the terms of this Proposal.
- (b) In addition, all Assets, Liabilities, rights and obligations, including any latent debt or obligation, of VOO that are not related to, or used or held to be used in connection with, the Fixed Network Activities (i.e., in connection with the Other Activities) shall be transferred to Orange BE (unless expressly provided otherwise in this Proposal) in the context of the Demerger as from the Effective Date of the Demerger and in accordance with the terms of this Proposal.
- (c) Without prejudice to the allocation rules described above and below in sections 3.9.3 and 3.9.4, the following guiding principles structure the allocation of equipment and network Assets between Orange NetCo and Orange BE for the HFC and FTTP networks:
  - (i) The active HFC network equipment (the CMTS and other associated equipment Assets necessary for their proper functioning) shall be held by Orange BE. The facilities that house the equipment necessary for the services provided via the HFC network (the "**Hubs**") and the central offices (i.e., the facilities that house the equipment necessary for the services provided via the FTTP network) shall remain with Orange BE. Orange NetCo shall rent certain racks to host its equipment if necessary. Some existing Hubs are indeed used by Orange BE for other activities such as hosting equipment for its mobile telecommunications business. New Hubs may be built and shall become the property of Orange NetCo, and a colocation offer shall be developed and proposed to the customers transferred to Orange BE.
  - (ii) The "passive" part of the HFC fixed network (e.g., the cables, the backbone and feeder fiber of the HFC network, the underground pipes, the HFC amplifiers, the HFC optical

nodes, etc.) shall be held and managed by Orange NetCo. The existing fiber optic cables of VOO, as well as the pipes containing them and the inherent and accessory components of such cables and pipes, as well as the rights on which the ownership of such cables and pipes is based, including easement rights, surface rights (where applicable, consequential surface rights) and other related rights granted under applicable regulations, shall be transferred to Orange NetCo. The existing pipes, manholes and street cabinets shall be transferred at the same time as the fiber optic cables and the junction boxes.

- (d) At the level of resources, the personnel of VOO having been transferred to Orange BE on 1 July 2025, no personnel shall remain at VOO at the time of the Demerger and no personnel shall be transferred in the context of the Demerger. Orange NetCo shall have staff and expertise enabling it (i) to have the resources for the creation of a commercialisation device for its network and a commercial brand, (ii) to define and supervise the deployment strategy and capacity planning of its fixed network, (iii) to make certain technical sites available to Orange BE, and (iv) to have dedicated support teams. However, Orange NetCo shall rely on Orange BE for certain services, such as commercial support, IT, back-office and deployment/update implementation as well as the operation and maintenance of the fixed network in HFC and FTTP. The necessary contractual arrangements between Orange NetCo and Orange BE shall be put in place in this regard.
- (e) The service agreement concluded on 1 December 2023 between VOO and Orange BE (as amended) and the outsourcing and service agreement concluded on 1 July 2025 between VOO and Orange BE shall be terminated by VOO and Orange BE before, or on, the Effective Date of the Demerger and shall therefore not be transferred in the context of the Demerger.
- (f) The mandate to establish a pledge over the business granted by VOO to Enodia SCI (in accordance with the subcontracting business agreement concluded on 2 June 2023 with Enodia SCI and Nethys SA) will be terminated and replaced by a new pledge agreement entered into between Orange BE and Enodia SCI, before the Effective Date of the Demerger but effective as of the Effective Date of the Demerger. Consequently, the mandate to establish a pledge over the business granted by VOO to Enodia SCI will not be transferred as part of the Demerger.
- (g) The respective boards of directors of VOO, Orange BE and Orange NetCo confirm that, for the purposes of the Demerger, the Balance Sheet of VOO constitutes the basis for the description and allocation of the Assets and Liabilities between Orange BE and Orange NetCo in accordance with articles 12:59 and 12:60 of the BCAC, without prejudice to the foregoing and the following.
- (h) Without prejudice to any other provision of this Proposal, all Contracts shall be respectively transferred to Orange BE or Orange NetCo, in accordance with article 12:4 *juncto* article 12:59 of the BCAC. VOO, Orange BE and Orange NetCo agree that with respect to any Contract requiring consent for its transfer (even in the context of the Demerger), VOO, Orange BE and Orange NetCo shall use all reasonable efforts to obtain such consent.
- (i) In the event that the allocation of Assets, Liabilities or other legal relationships (or part thereof) is questionable or disputed, such allocation shall be made by VOO, Orange BE and Orange NetCo in accordance with a reasonable interpretation of this Proposal (and taking into account the allocation provided for in this Proposal). In case of disagreement between VOO, Orange BE and Orange NetCo on the reasonable interpretation of this Proposal, the Assets and Liabilities or other legal relationships (or part thereof) shall by default be allocated to Orange BE.
