PRESS RELEASE – Regulated information

UNDER EMBARGO UNTIL JULY 24, 2012 – 10.15 a.m.

Photo Hall seeks buyer through the law on the continuity of companies.

Wetteren, Vorst (Belgium), 24 July 2012 – The retail chain for multimedia products Photo Hall Multimedia SA, a subsidiary of Spector Photo Group NV, has informed its Works Council that today the procedure will be started at the commercial court to appeal to the law on the continuity of companies ('Wet op de Continuïteit van Ondernemingen - WCO'). The intention is to use this procedure to find a buyer for the activities of the Retail Group in Belgium and Luxembourg.

For some time the Retail Group is experiencing the impact of the crisis combined with the decline of the market of consumer electronics, the pressure on prices and increased competition.

Since the start of 2011, various measures have been taken to improve the situation. Besides the closure of several shops in 2011 and 2012, the management has changed. Furthermore, there was also a reduction in the number of staff, the inventories were drastically reduced, and the parent company, Spector Photo Group NV, increased its equity in Photo Hall ⁽¹⁾.

The result of these measures turned out to be insufficient in order to find a short term agreement with the lenders. The Board of Directors of Photo Hall Multimedia SA therefore decided to seek a buyer for its activities under the protection of the Law on the continuity of companies - Art. 59 to Art. 70 - "Judicial reorganization through transfer under judicial authority."

Through this procedure, Photo Hall wants to do everything it can to ensure the continuity, to ensure the preservation of jobs, to guarantee the service to its customers and to safeguard the relationship with its commercial partners.

With this decision of the Board of Directors of Photo Hall Multimedia SA, Spector Photo Group NV will record the Retail Group as of July 1, 2012, as assets held for sale in the consolidated figures.

On an annual basis, the Retail Group generated EUR 141.33 million revenues in 2011 and an EBITDA of EUR - 1.23 million. The net financial debt of the Retail Group at year-end 2011 amounted to EUR 29.59 million. For the entire group, the net financial debt at the end of 2011 amounted to EUR 32.13 million.

At final deconsolidation there will be no effect on the consolidated equity of Spector Photo Group under IFRS. Since there are absolutely no financial obligations of Spector Photo Group NV towards the creditors of its subsidiary Photo Hall Multimedia SA, there will be no further financial impact on the group.
