SOLVAC
TOTAL DIVIDEND 2012 STABLE

The Board of Directors of SOLVAC S.A. has decided to pay a second interim dividend. Still subject to approval by the General Meeting of Shareholders, this interim dividend will represent the balance of the total dividend payment for the accounting year 2012.

This second interim dividend, payable on December 27, 2012, amounts to EUR 1.81 gross per share.

The Board of Directors has adopted a new schedule for the payment of interim dividends: as from now on the second interim dividend will be paid in December and the first in September.

Taking into account the first interim dividend decided in August, the total dividend is stable compared to that of the previous accounting year, namely EUR 4.53 gross per share.

Gross dividend (in EUR)	2011	2012
1st interim dividend	2.59	2.72
2nd interim dividend	1.94	1.81
Total	4.53	4.53

This evolution is in conformity with the evolution of SOLVAY S.A.'s dividend (accounting year 2011 versus accounting year 2010).

The shares will be traded "ex dividend" on the Stock Exchange as from December 19, 2012.
