ENAV IS AWARDED CONTRACT IN ROMANIA

Rome, 8 September 2020 – ENAV, through its subsidiary IDS AirNav, a company specialized in aeronautical information management systems, in the context of an international tender, has been awarded a contract from ROMATSA, the Romanian Air Traffic Services Administration, for an amount of 2,3 million euro.

ENAV was chosen for the supply, installation and commissioning of the aeronautical static and dynamic information management system (AIM - Aeronautical Information Management) which will ensure the gathering and spread of useful information for the safety, efficiency and regularity of air navigation. The new system will allow the Romanian service provider to guarantee full data integrity and to comply with ICAO and Eurocontrol standards.
