2. REASONS GROUNDING THE ADOPTION OF THE PLAN

2.1. Objectives to be achieve through of the attribution of the Plan.

In line with the best market practices adopted by listed companies at a national and international level, remuneration plans based on shares constitute an effective tool to incentive and build loyalty for individuals who hold key positions and employees in order to improve their performance as well as to contribute to increase the development and the success of the companies.

The adoption of remuneration plans based on shares, besides, meets the recommendations of Article 6 of the Listed Companies’ Self-Regulatory Code, which acknowledges that such plans constitute a suitable instrument to allow the alignment of the interests of the executive directors and executives with strategic responsibilities of listed companies with those of the shareholders, making it possible to achieve the priority objective of creating value in a medium-long term time

frame.

In particular, in accordance with the above, by implementing the Plan, Moncler is willing to promote and pursue the following objectives:

- link the overall remuneration and in particular the incentive system of executives and key personnel of the Group to the actual performance of the Company and to the creation of new value for the Moncler Group, as also intended by the Self-Regulatory Code;
- direct the key personnel towards strategies aimed at achieving medium-long term results;
- align the interests of the Top and Middle Management with those of shareholders and investors;
- further develop retention policies aimed at building loyalty among key personnel and encourage them to stay within the Company or the Moncler Group; and
- further develop policies designed to attract talented managerial and professional personnel on the world's markets, for the purpose of the continuous development and strengthening of Moncler's key and distinctive competences.

2.1.1 Additional information

The reasons and criteria on the basis of which the Company will determine the ratio between the allocation of the Moncler Rights and, consequently, the Shares, and other components of the aggregate remuneration of the Beneficiaries refer, on the one hand, to the need to reconcile the incentive and loyalty objectives with reference to individuals with key positions, in order to improve their performance as well as to contribute to increase the development and the success of the Company, and on the other hand, to grant the concerned individuals an overall benefit in line with the best market practices adopted by listed companies at the national and international level, as evidenced by the Self-Regulatory Code in accordance with the provisions of Paragraph 2.1 above.

The Plan has a duration considered suitable for the achievement of the incentive and loyalty objectives pursued thereby.

2.2. Key variables, also in the form of performance indicators considered for the purposes of the attribution of the plans based on financial instruments.

Each Beneficiary will be gratuitously awarded one (1) Share per each Moncler Right granted, on condition that the Performance Targets of the relevant Attribution Cycle are achieved.

The Performance Targets of any Attribution Cycle are defined by the Board of Director before the granting of the Moncler Rights and are expressed by the Cumulative EPS compared with the EPS Targets.

2.2.1 Additional information

Should the Group achieve, at the end of the Vesting Period, a Cumulative EPS lower or higher than the EPS Targets, the number of Shares to be allocated to any Beneficiary will be reduced or increased proportionally to the Moncler Rights granted to such Beneficiary as indicated in the following table.

Allocation of the Shares on the basis of the level of achievement of EPS Target

% of achievement EPS Target	% of allocation of Shares Vs Moncler Right granted
$x < 90\%$	$y = 0\%$
$90\% \leq x \leq 100\%$	$80\% \leq y \leq 100\%$
$100\% \leq x \leq 105\%$	$100\% \leq y \leq 120\%$
$x > 105\%$	$y = 120\%$

The achievement of a Cumulative EPS:

- i) equal to 90% of the EPS Target implies the allocation of a number of Shares equal to 80% of the Moncler Rights granted to the Beneficiaries;

- ii) between 90% and 100% of the EPS Target implies the allocation of a number of Shares increasing - as per the chart below - up to 100% of the Moncler Rights granted to the Beneficiaries;
- iii) between 100% and 105% of the EPS Target implies the allocation of a number of Shares increasing - as per the chart below - up to 120% of the Moncler Rights granted to the Beneficiaries;
- iv) above 105% the Target EPS the allocation of Shares is capped at 120% of the Moncler Rights granted to the Beneficiaries.

In case of failure to achieve the minimum Performance Target equal to 90% of the EPS Target during the Vesting Period, the Moncler Rights shall be considered as expired to all purposes.

The Board of Directors, after having heard the opinion of the Remuneration Committee, shall have the right to give its consent to exercise the Options, in whole or in part, also in the hypothesis of failure to achieve the Objectives of performance.

Instead of and as a substitute for the allocation of the Shares, at the terms and conditions set forth by the Plan, on the Allocation Date the Company reserves the right to substitute, in whole or in part, the Shares with the payment of the Substitutive Amount.

In case of a specific company's interest combined with a relevant contribution by the Beneficiary consistently with the purposes of the Plan, the Chairman, operating in accordance with the powers

conferred by the proxy granted by the Board of Directors and in accordance with the provisions of the Regulation, or the Board of Directors, in case of conflict of interests of the Chairman, subject to the opinion of the Remuneration Committee, may allocate the Shares, in whole or in part, in proportion to the Moncler Rights granted to such Beneficiary both in case of failure in the achievement of the Performance Targets identified in the above table, and in case of termination of the Beneficiary's Relationship during the Vesting Period.

2.3. Elements underlying the definition of the amount of the remuneration based on financial instruments, i.e. the criteria for its definition

In none of the events above mentioned the Beneficiary shall be entitled to any compensation by Moncler or its Subsidiaries for any damage and/or prejudice.

The Plan also provides that, in the event of a Change of Control, the Beneficiaries shall be entitled to continue their participation to the Plan at the conditions set forth by the relevant Regulation, without prejudice to any different contractual proposals made by the new controlling entity, or to request the allocation of the Shares, irrespective of the expiration of the Vesting Period and the achievement of the Performance Targets.

4.9. Indication of other possible causes of termination of the plans

Except as otherwise indicated in other paragraphs of this Information Memorandum, no other causes of termination of the Plan exist.

The Plan does not provide for redemption clauses on the part of the Company.

The Plan provides for a claw-back clause. In the event that, within 3 years from the Allocation Date, it is ascertained that the Performance Targets had been deemed as achieved by the Board of Directors pursuant to article 9 on the basis of manifestly incorrect data or that the Beneficiary chargeable with one of the following circumstances:

- fraudulent or severely negligent behaviors detrimental to the Company
 - violation of loyalty obligations,
 - any behaviors of Beneficiary which triggered relevant economic or financial loss for the Company,
- the Board of Directors, shall resolve upon:

Not applicable, given that as at the date hereof the Plan has not yet been approved by the Company's Shareholders' Meeting and, therefore, the Beneficiaries and the number of Shares to be allocated thereto have not been identified yet.

4.13. Indication of any dilution effects on the share capital determined by the remuneration plans

The full subscription of the share capital increase serving the Plan pursuant to article 2349 of the Italian civil code, assuming no other capital increases are resolved upon, would entail, for the Company's shareholders, a dilution of 1.5% of the current share capital.

It is hereby pointed out that the total dilution caused by this Plan and of the plans currently in force is equal to 4% of the current share capital of the company. Indeed, as better specified in the report drafted in compliance with article 72 and Annex 3A, of the Issuers' Regulation, which will be publicly available on the Company's website www.monclergroup.com, in the section

“*Governance / Shareholders’ Meeting*” as well as on the storage mechanism www.1info.it at least 21 days prior to the date of the Shareholders’ Meeting convened to resolve upon the approval of the Plan, the resolution providing for the capital increase serving the Plan will be adopted subject to the revocation of the capital increase resolved upon by the Extraordinary Shareholders’ Meeting of Moncler on April 23, 2015, to the extent it is not necessary to serve the option rights that are currently awarded to the relevant beneficiaries within the Stock Option Plan 2015 currently in force.

4.14. Limits to the exercise of the voting right and to the granting of financial rights

The Shares to be allotted have regular dividend rights and, therefore, the related rights may be exercised by the Beneficiaries as of the date when they become holders thereof.

The Plan does not provide for limits to the exercise of the voting right.

4.15. In the event that the Shares are not traded on regulated markets, any information useful for a thorough assessment of the value thereof

4.18. Methods (American/European), timing (e.g., periods valid for the exercise) and exercise clauses (e.g., knock-in and knock-out clauses).

Not applicable, given that the Plan provides for the allocation of Shares upon the achievement of the Performance Targets.

4.19. Price for the exercise of the option or methods and criteria for its determination, with particular respect to: a) the formula for calculating the exercise price in relation to a certain market price (so-called fair market value) (e.g.: exercise price equal to 90%, 100% or 110%

of the market price), and b) the methods for the definition of the market price taken as the reference for the definition of the exercise price (e.g.: last price of the day prior to the allocation, average of the day, average of the last 30 days, etc.)

Not applicable, given that the Plan provides for the allocation of Shares upon the achievement of the Performance Targets.

4.20. Reasons of the difference between the exercise price and the market price as determined pursuant to point 4.19 (fair market value)

Not applicable.

4.21. Criteria on the basis of which different exercise prices among various addressee or various categories thereof are provided

In case of extraordinary transactions concerning Moncler – including, but not limited to, operations of grouping and splitting of the Shares; gratuitous capital increases of Moncler; paid capital increases of Moncler's share capital with the issuance of Shares, of special classes of shares, of shares combined with warrants, convertible bonds and convertible bonds with warrants; mergers and demergers of Moncler; distribution of extraordinary dividends on the Shares with the use of Moncler reserves; capital reductions of Moncler's share capital; transfers and contributions of business concerns – as well as legislative or regulatory amendments or of other events likely to

influence the Performance Targets, the Shares or the Plan, the Board of Directors may resolve upon the amendments to the Plan deemed necessary and/or advisable in order to preserve to the maximum possible extent the fundamental contents of the Plan, in accordance with the objectives and the purposes it pursues.

Such amendments and additions may concern, but shall not be limited to, the number and the type of Shares which may be allocated, the Performance Targets and the Vesting Period.
