About Altea Green Power

Altea Green Power is a company listed on the Italian Stock Exchange - STAR segment -, founded in 2008 in Rivoli with the aim of supplying and managing renewable energy plants - photovoltaic, wind, storage - capable of guaranteeing maximum efficiency and guarantee of operation, in full respect of the environment. Altea Green Power is also an Independent Power Producer (IPP) from exclusively renewable sources and a supplier of EPC (Engineering, Procurement and Construction) services, offering itself as the sole interlocutor for the construction and start-up of renewable plants. In a market that places energy transition at the centre and in which medium and large-sized companies are increasingly protagonists, Altea Green Power wants to be a reference partner in the field of energy efficiency, supporting its customers in identifying the best solutions to reduce energy consumption and the consequent impacts on the global climate.
