FAE Technology S.p.A. - Benefit Company is a Tech company and parent of the Italian electronics sector Group of the same name. Founded in 1990 in Gazzaniga (BG) by Francesco Lanza, who began by producing a small series of electronic boards, FAE Technology has been led since 2008 by his son Gianmarco Lanza, Chairperson and Chief Executive Officer. The Company, through several dedicated and integrated assets, can very rapidly enable electronic innovation in the various sectors in which it plays a central role, including e-mobility, the Internet of things (IoT), industrial automation 4.0 and aerospace. FAE Technology is known for its focus on innovation - promoting open innovation and shared research at the "Kilometro Rosso" hub - and on sustainability and corporate social responsibility, becoming a Benefit Company on May 13, 2022. The company benefits from strategic partnerships and memberships with major sector players, in addition to renowned universities and research centers, including the "Senseable City Lab" at MIT (Massachusetts Institute of Technology) in Boston. FAE Technology is fast-growing - reporting revenues of Euro 39.4 million in 2022 (+64.4% on 2021). The company reports revenues of Euro 27.3 million for H1 2023, up 57.0% compared to the same period of 2022. In the second half of 2023, Elettronica G.F., a leading player in the supply of microprocessor-based proprietary electronic systems such as panel PCs, SOMs and Single Board Computers for various application areas, joined FAE Technology.
