PRESS RELEASE

With June, Total Net Inflows reach € 6.1 billion in the first 6 months; € 4.5 billion in Managed Assets

Banca Mediolanum S.p.A. announces the business results for **June 2025: € 1.09 billion**, of which:

- Total net inflows: **€ 721 million, € 6.10 billion YTD**
- Net inflows into managed assets: **€ 762 million, € 4.54 billion YTD**
- Loans granted: **€ 350 million, € 1.86 billion YTD**
- General insurance premiums: **€ 21 million, € 114 million YTD**

Massimo Doris, CEO of Banca Mediolanum, commented: "June also confirms the solid trends seen in the first part of this very positive 2025: strong total net inflows and high-quality net inflows into managed assets, driven by the ongoing shift from administered assets, which were strongly impacted by tax deadlines this month, toward our investment solutions. I am very pleased with the results of these first six months which, although characterized by some phases of instability and uncertainty, allow us to close the half-year with 6.1 billion in total net inflows and 4.5 billion in net inflows into managed assets - 47% more than last year - and with 106,100 new customers acquired".

Doris concluded: "We will remain strongly focused on our path of organic growth in the second half of the year as well, which I'm confident will see us play an increasingly prominent role for both the development of the Family Banker network and important initiatives for our customers".
