2. The Meeting determines the number of members of the Board of Directors, which number stands until it is resolved otherwise. Without prejudice to the above, for purposes of the appointments or co-optation of members of the Board of Directors, the latter identifies in advance, in compliance with the regulations in force, its quali-quantitative composition deemed optimal and informs shareholders thereof in due time in order for them to take that into account while submitting candidacies. Afterwards, the Board verifies consistency between the quali-quantitative composition deemed optimal and the actual one as resulting from the appointment process.

3. Board of Directors members shall meet the requirements laid down by the provisions of law and regulations in force from time to time.

4. Most directors must meet the independence requirements provided for by the applicable legislation. If a director loses the requirement of independence, shall be removed from office unless the independence requirements continue to be met by the minimum number of directors who, according to this article, must meet such requirement.

ARTICLE 15 – DIRECTORS APPOINTMENT AND REPLACEMENT PROCEDURE

1. The appointment of the Board of Directors occurs on the basis of lists submitted by the outgoing Board of Directors and/or shareholders, each of which sets out a number of candidates not greater than the number of members to be appointed, listed through a sequential numbering.

2. Lists submitted by shareholders, undersigned by those submitting them, shall be lodged with the Company registered office, at least twenty-five days before that scheduled for the Meeting called to resolve upon the appointment of the Board of Directors members or, should this deadline fall on a public holiday, its expiry date is automatically extended to the first following day which is not a holiday. They are made available to the public at the registered office, on the Website and with the other modalities provided for by the *Commissione Nazionale per le Company e la Borsa* (the "Consob") with regulation, at least twenty-one days before the Meeting date. The list submitted by the Board of Directors (i) must be filed and published in the same manner as the shareholders' lists at least thirty days before the date set for the Shareholders' Meeting called to resolve on the appointment of members of the Board of Directors; (ii) be composed by candidates who, for the most part, meet the independence requirements set out in the applicable legislation.

3. Each shareholder (as well as shareholders adhering to a shareholders' agreement relevant under art. 122 of the TUF, the controlling entity, subsidiaries and companies subject to common control pursuant to art. 93 del TUF) may submit (or participate in the submission of) and vote for only one list. Adhesions and votes casted in violation of said prohibition will not be allocated to any list. Each candidate may only be included in one list, upon penalty of ineligibility.

4. With regard to the lists submitted by shareholders, only shareholders who, alone or together with other shareholders, hold in aggregate shares representing a percentage equal to at least two percent. of the share capital entitling to voting right at ordinary meetings, or the lower percentage required by the regulatory provisions issued by Consob are entitled to submit lists, with obligation to provide evidence of the title to the number of shares necessary to submit lists within the deadline provided for the publication thereof by the Company.

5. Together with each list the following must be filed, for each candidate: i) the statement by which he or she accepts the candidacy and certifies under his or her responsibility that there are no grounds for ineligibility and incompatibility and that he or she meets the requirements prescribed for the office; ii) a *curriculum vitae* containing the candidate's personal and professional characteristics, with indication of any administration and control positions held in other companies and/or entities, and whether he or she can qualify as an independent director; and iii) the opinion of the Appointment Committee, if any.

6. Together with these documents, the shareholders shall also deposit the relevant certification issued by an authorised intermediary pursuant to current legal and regulatory provisions, proving the ownership of the number of shares necessary to submit the list.

7. The lists that contain a number of candidates equal to or greater than three must include candidates who, for the most part, meet the independence requirements envisaged by the legislation in force from time to time.. Each list specifically sets out which directors meet independence requirements.

8. For the purpose of ensuring balance between genders, lists including a number of candidates equal to or higher than three shall include candidates of different gender, at least to the minimum extent required by the applicable regime with reference to the composition of the Board of Directors, according to what specified also in the notice of call of the Shareholders' Meeting. Any variation that may occur until the day of the actual Meeting is promptly notified to the Company.

9. Lists submitted without complying with the above provisions are considered as non-submitted.

10. At the end of the voting operations, candidates of the two lists which obtained the higher number of votes are appointed, according to the following criteria:

- (a) a number of Directors equal to the total number of members to be appointed less 1 (one), is derived from the list which obtained the majority of casted votes (so called "majority list"), following the sequential order with which they are listed in the same list;
- (b) the residual director is derived from the second list which obtained the highest number of votes at the meeting (so called "minority list"), which is not affiliated in any way, not even indirectly, to those who have submitted or voted for the majority;
- (c) if the majority list does not contain a sufficient number of candidates to ensure that the number of directors to be elected pursuant to letter (a) above is reached, all the candidates listed therein shall be taken from that list, in the order in which they are indicated; after having taken the other director from the minority list pursuant to letter (b), the remaining directors are taken - for the positions not covered by the majority list - from the minority list that obtained the highest number of votes among the minority lists, according to the capacity of such list. In case there is insufficient capacity, the remaining Directors are chosen - according to the same procedure - from the

following list or, if necessary, from subsequent lists, depending on the number of votes and the capacity of these lists.

11. In case more lists have obtained the same number of votes, a new run-off vote is conducted between said lists by all those entitled to vote attending the meeting, and the candidates of the list which will have obtained the simple majority of votes will be appointed.

11.bis. In case of submission of a single list, where possible, the Board of Directors is entirely drawn from it, if it obtains the majority required by law for the Ordinary Shareholders' Meeting.

12. The appointment of the Board of Directors shall take place in accordance with the balance between genders regimes.

13. Should the application of the list vote mechanism not ensure the minimum number of directors belonging to the less-represented gender laid down by the law, the candidate belonging to the more-represented gender last appointed according to the sequential order of the majority list, is replaced by the first candidate belonging to the less-represented gender and not appointed, derived from the same list, according to the sequential order of presentation or, if there is none, by the first candidate of the less-represented gender and not appointed, derived from the other lists, according to the number of votes obtained by each of them. This replacement procedure is applied (with limitation to lists containing a number of candidates equal to or greater than three) until the composition of the Board of Directors is compliant with the applicable regime, also of regulatory nature, in force in the matter of balance between genders.

14. Finally, should said procedure not ensure the above described result, the replacement is effected by resolution adopted by the Shareholders' Meeting with relative majority, subject to prior submission of candidacies of individuals belonging to the less-represented gender.

15. Should the application of the list vote mechanism not ensure the minimum number of independent directors laid down by the fourth paragraph of Article 14 of these Articles of Association, the non-independent candidate last appointed according to the sequential order of the majority list, is replaced by the first not appointed independent candidate, derived from the same list, according to the sequential order of presentation or, if there is none, by the first not appointed independent candidate, derived from the other lists, according to the number of votes obtained by each of them. This replacement procedure is applied (with limitation to lists containing a number of candidates equal to or greater than three) until the minimum number of independent directors required by fourth paragraph of Article 14 of these Articles of Association is reached and without prejudice, in any case, to compliance with the balance between genders.

16.Should said procedure not ensure the above-described result, the replacement is effected by resolution adopted by the Shareholders' Meeting with relative majority, subject to prior submission of candidacies of individuals meeting the independence requirements provided by the applicable regime, and the number of independent directors referred to in art. 14, fourth paragraph, above.

17.For the appointment of directors, for whatever reason not appointed pursuant to the herein described procedure, the Shareholders' Meeting resolves with the majorities of law, without prejudice, in any case, to compliance with balance between genders as provided for by the applicable regime.

18.If during the financial year one or more directors cease office, they are replaced pursuant to art. 2386 of the Italian Civil Code, without prejudice, in any case, to compliance with the minimum total number of independent directors and balance between genders as provided for by the applicable regime this Articles of Association and the applicable regime.

19.Should, by the way, the majority of directors appointed by the meeting cease office, the entire Board of Directors shall be deemed terminated with effectiveness as of its re-establishment, and the Shareholders' Meeting shall be without delay summoned for the appointment of a new Board of Directors.

20.The independent director who, after appointment, loses the independence requirements shall immediately inform the Board of Directors thereof and, in any case, ceases from the office.

21.Unless a Meeting's resolution to the contrary is adopted, directors are bound by the non-competition provision set forth under Article 2390 of the Italian Civil Code.

22.The composition of the Board of Directors, in case of a director appointment by the Meeting or by means of co-optation shall: i) take into account the outcomes of the analyses carried out by the Board of Directors and the opinions, if any, transmitted by the Appointments Committee on the optimal qualitative composition of the strategic supervision body; ii) reflect an appropriate diversification degree in terms, inter alia, of competence, expertise, age, gender and international projection.

23.The possibility for shareholders to make their own evaluations on the optimal corporate bodies' composition and to submit lists of candidates consistent therewith, justifying possible deviations from the analyses carried out by the Board of Directors, is unprejudiced.

24.The Board of Directors, should the Meeting not proceed thereto, appoints a Chairman among its members, who must necessarily be a non-executive Director .

25.In case of absence or impediment of the Chairman, the Board of Directors is chaired by the Vice-Chairman, where appointed, or, in case of absence or impediment thereof, by the Director with the highest number of consecutive mandates.
