### **Item 1.01      Entry into a Material Definitive Agreement**

As previously reported, Rise Gold Corp. (the “Company”) contracted to sell 66 acres of industrial land located adjacent to the Company’s Idaho-Maryland Mine Property (the “I-M Mine”) for \$4.3 million on October 1, 2024. The sale transaction is subject to two sale agreements with the same, arm’s length third party (the “Purchaser”).

The first agreement, which covers 16 acres of land for a total consideration of \$1.8 million, closed on November 27, 2024, with the payment of half the sale price, minus certain deductions. The balance of the purchase price is due on November 27, 2026. The Purchaser agreed to pay monthly interest at an annual rate of 5% per year on the balance of the purchase price until paid in full. On January 14, 2025, the Company and the Purchaser negotiated a discounted, accelerated payment with the purchaser whereby the Company received \$702,000 in lieu of the second \$900,000 payment due in November 2026.

The second sale agreement covers 50 acres of land for a total sale price of \$2.5 million and this transaction closed on May 27, 2025, with half of the sale price paid on closing and the other half due on May 27, 2027. Commencing on the closing date, the buyer will pay monthly interest at an annual rate of 5% per year on the balance of the purchase price until it is paid in full. A portion of the proceeds totaling \$680,000 was allocated to pay off the remaining balance of the Company’s secured debt, and the balance of the funds is available to the Company to support operations and its legal claims against Nevada County (“the County”). The information provided in this filing about the closing of the second sale agreement on May 27, 2025 updates the more detailed disclosure about the two sale agreements provided in a Form 8-K amendment filed by the Company on April 18, 2025.

## **Rise Gold Announces Closing of Second Sale of Industrial Land and Paying Off the Secured Debt**

**May 29, 2025 – Grass Valley, California** – Rise Gold Corp. (CSE: RISE, OTCQB: RYES) (the “Company”) announces it has closed the second sale agreement of land for a sale price of \$2.5 million.

On November 27, 2024, Rise announced the sale of 66 acres of industrial land located adjacent to the Company’s Idaho-Maryland Mine Property (the “I-M Mine Property”) for \$4.3 million to an arm’s length third party in two transactions. The first of these transactions covered 16 acres of land for total consideration of \$1.8 million, including \$900,000 at closing, minus certain transaction fees, and an additional \$900,000 due on November 27, 2026. Rise negotiated a discounted, accelerated payment with the purchaser whereby the Company received \$702,000 on January 15, 2025 in lieu of the payment due in 2026.

The second sale agreement covered 50 acres of land for a total sale price of \$2.5 million and this transaction closed on May 27, 2025, with half of the sale price paid on closing and the other half due on May 27, 2027. Commencing on the closing date, the buyer will pay monthly interest at an annual rate of 5% per year on the balance of the purchase price until it is paid in full. A portion of the proceeds totaling \$680,000 was allocated to pay off the remaining balance of the Company’s secured debt, and the balance of the funds is available to the Company to support operations and its legal claims against Nevada County (“the County”).

Rise and the purchaser have also executed an option agreement whereby the Company may repurchase the 66 acres of land being sold for the sale price plus the cost of any capital improvements plus an increase of five percent per year on the condition that Rise acquires final government approval to perform mining operations at the I-M Mine Property.

The Company retains ownership of the I-M Mine Property, which is comprised of 53 acres of land surrounding the New Brunswick shaft, as well as its nearby 56-acre Centennial property, and it retains all of its 2,585 acres of mineral rights.

As previously disclosed in its press release dated May 13, 2024, the Company has submitted a Writ of Mandamus (the “Writ”) to the Superior Court of California for the County of Nevada (the “Court”) asking the Court to compel the Board of Supervisors of Nevada County to follow applicable law and grant Rise recognition of its constitutionally-protected, grandfathered vested right to operate the Mine.

Rise’s litigation attorneys at Cooper & Kirk have advised the Company that should the Writ be unsuccessful, Rise’s mineral estate will lose all value, which will allow Rise to bring a takings

action in federal court against the County under the Fifth Amendment of the U.S. Constitution. The remedy for an unconstitutional taking is the payment of just compensation, which is the fair market value of the property taken. Based on comparable mines and historic yields at the I-M Mine, management believes the fair market value of Rise's mineral estate is at least \$400 million.

### **About Rise Gold Corp.**

Rise Gold is an exploration-stage mining company incorporated in Nevada, USA. The Company's principal asset is the historic past-producing Idaho-Maryland Gold Mine located in Nevada County, California, USA.

### **Forward-Looking Statements**

This press release contains certain forward-looking statements within the meaning of applicable securities laws. Forward-looking statements are frequently characterized by words such as "plan", "expect", "project", "intend", "believe", "anticipate", "estimate" and other similar words or statements that certain events or conditions "may" or "will" occur.

Although the Company believes that the expectations reflected in the forward-looking statements are reasonable, there can be no assurance that such expectations will prove to be correct. Such forward-looking statements are subject to risks, uncertainties and assumptions related to certain factors including, without limitation, obtaining all necessary approvals, meeting expenditure and financing requirements, compliance with environmental regulations, title matters, operating hazards, metal prices, political and economic factors, competitive factors, general economic conditions, relationships with vendors and strategic partners, governmental regulation and supervision, seasonality, technological change, industry practices, and one-time events that may cause actual results, performance or developments to differ materially from those contained in the forward-looking statements. Accordingly, readers should not place undue reliance on forward-looking statements and information contained in this release. Rise undertakes no obligation to update forward-looking statements or information except as required by law.
