HYLQ Deploys 53,963 HYPE Into Kinetiq iHYPE Liquid Staking

Toronto, Ontario – October 1, 2025 – HYLQ Strategy Corp. (formerly, Tony G Co-Investment Holdings Ltd.) (the "**Company**" or "**HYLQ Strategy**") (CSE: HYLQ) is pleased to announce that it has successfully deployed 53,963 HYPE tokens into Kinetiq's iHYPE pool, an institutional-grade liquid staking solution built natively on Hyperliquid.

Through participation in the iHYPE program, the Company will earn a 2.2% annualized yield on its HYPE treasury while simultaneously receiving iHYPE liquid staking tokens. These tokens unlock new capital efficiency opportunities, enabling the Company to use its staked position as collateral across the HyperEVM ecosystem and with select offchain partners.

"Becoming an iHYPE participant marks another important step forward in our mission to maximize the value of our HYPE treasury for shareholders," said Matt Zahab, Chief Executive Officer of HYLQ Strategy Corp. "Not only will we generate a consistent staking yield of 2.2%, but our iHYPE holdings also provide us with enhanced flexibility to participate in broader Hyperliquid ecosystem opportunities."

Kinetiq's iHYPE initiative is designed exclusively for institutional entities that undergo KYB/AML verification and compliance onboarding. As part of this strategic deployment, HYLQ joins a growing cohort of early participants in Kinetiq's program. Kinetiq is secured by industry-leading auditors like: Spearbit, Pashov Audit Group, Zenith, code4rena, and The Secure Staking Alliance.
