About Street Capital Group Inc. (www.streetcapitalgroup.ca)

The Company (TSX: SCB) is a financial services company operating in residential mortgage lending through its wholly owned subsidiary Street Capital Financial Corporation (www.streetcapital.ca), one of the largest non-bank mortgage lenders in Canada. Founded in 1979 and a public company for more than a quarter century, the Company’s goal is to create shareholder value by building a substantial, diversified financial services organization. Street Capital Financial Corporation sources its mortgages primarily through a network of independent, high quality mortgage brokers across Canada with whom it has built relationships. Street Capital Financial Corporation offers a broad lineup of high ratio and conventional mortgages, to prime borrowers, and sells the mortgages it underwrites to top-tier financial institutions. Business revenues are almost entirely from the gain on sale of mortgages.
