The webcast and the materials prepared for the call will be available on the Company's website following completion of the presentation.

About Algoma Central Corporation

Algoma Central Corporation operates the largest Canadian flag fleet of dry and liquid bulk carriers on the Great Lakes - St. Lawrence Waterway, including 18 self-unloading dry-bulk carriers, seven gearless dry bulk carriers and seven product tankers. The Company has announced contracts for seven domestic dry-bulk vessels as part of its on-going fleet renewal program. Algoma also has interests in ocean dry-bulk vessels operating in international markets. Algoma provides ship management services for other ship owners and owns a diversified ship repair and steel fabricating facility active in the Great Lakes and St. Lawrence regions of Canada.
