

**PRESS RELEASE****ABITAREIN PUBLIC RELEASES ITS THIRD SUSTAINABILITY REPORT  
AS A TESTAMENT TO ITS COMMITMENT TO PLANETARY PROTECTION AND PEOPLE'S WELL-BEING**

Milan, September 26, 2023 – AbitareIn S.p.A., a leading Milanese residential development company, today published its **third Sustainability Report** for the year 2022, **voluntarily prepared** with the aim of transparently communicating the values, strategies, and performance of the Company in the Social, Economic, Environmental, and Governance domains.

The document has been prepared in accordance with the 2021 GRI Sustainability Reporting Standard (**GRI Standards**) guidelines and outlines AbitareIn's commitment guided by the Sustainable Development Goals (**SDGs**), which are the 17 Sustainable Development Objectives identified by the United Nations in 2015, aimed at safeguarding the planet and the well-being of its inhabitants.

From the reading of the document, it is evident, in particular, the Company's dedication to promoting those goals where its capacity for intervention is most significant, such as **sustainable and innovative industrialization**, the **health and well-being of individuals**, and the **creation of durable and resilient products**.

**Luigi Gozzini**, Chairman, comments: *"Today, we find ourselves in a scenario still influenced by years of pandemic and marked by a common sense of uncertainty, in which attention to sustainability principles is rightly growing and shared. It is now undeniable that the progress and economic growth of operators in all sectors cannot disregard environmental and human well-being. There can no longer be long-term development without a focus on these issues."*

*"And to do so," adds **Marco Grillo**, CEO of the Company, "we want to make these Values and Principles increasingly integrated into our business, ensuring that every strategic choice is also guided by these strong motivations, defining a clear, responsible, and sustainable long-term path in this regard."*

**AbitareIn S.p.A.** represents innovation and a paradigm shift in the residential development sector, driven by its democratic vision of living that combines urban regeneration, affordability and the needs of today's families.

Efficiency, industrialisation and the creation of an identity brand are the foundations of a continuous and sustainable growth of the business model that focuses on the person and the home as an "aspirational" consumer product.

AbitareIn is thus committed to renovating the city's disused building stock and reviving its urban fabric, investing in projects of great aesthetic, environmental and social value and dedicating itself to responsible, far-sighted action; aware first and foremost of the essential nature of its new role as #stilistiurbani. The company has been listed on the Euronext Growth Milan of Borsa Italiana since April 2016. From 1 March 2021 it has been listed on the Euronext STAR Milan (ticker: ABT.MI).
