TSXV:

RJX.SV.A

Kirkland Lake, Ontario. RJK Explorations Ltd. "RJK" and GLR Resources Inc. "GLR" have completed the previously announced 25 kilometre IP geophysical survey (see news release dated February 17, 2005) on its 100% owned 13,000 acre base metal property located in Aldina, Marks, Sackville and Adrian Townships west of Thunder Bay, Ontario.

The survey in conjunction with the Companies Airborne EM survey completed last spring has outlined four priority target areas that will require drill testing for base metal mineralization.

Drilling of these anomalies is expected to commence when a drill rig becomes available.

RJK Explorations Ltd., is a Junior Mineral Exploration Company which focuses on grass-roots exploration for Canadian gold and base metals within productive greenstone belts. The Company has several high potential base and precious metals projects in its portfolio.
