## RJK Acquires 10 Additional Uranium Claims in the East Bancroft area

**KIRKLAND LAKE, ONTARIO, August 07, 2007 -** RJK Explorations Ltd. (the "Company") (TSX VENTURE: **RJX.A**) announces that it has acquired two additional uranium claim groups consisting of a total of 10 claims in the East Bancroft area of Southeastern Ontario. The two claim groups, covering an area of approximately 1,600 hectares, are located 18 kilometers southwest of the RJK Explorations Ltd. On Strike North Uranium claims which are currently under option to Atomic Uranium Inc. One claim group, consisting of 6 claims, was acquired for $9,500 and 250,000 shares and the second claim group, consisting of 4 claims, was acquired for $5,500 and 200,000 shares, with both claim groups retaining a 1% NSR ands a buy-back clause of up to 0.5% of the NSR for $500,000, subject to the approval of regulatory authorities.

These newly acquired claim groups, called the On Strike South Uranium claims, are contiguous to portions of the southern boundaries of the Frontenac Ventures Corp. uranium claim group. The Company has now acquired, both through staking and claim acquisition, a substantial land package that will potentially cover historic government flown airborne radiometric anomalies that are found within the southwest to northeast trending belt.

Atomic Uranium Inc. has informed the Company that an airborne magnetic and radiometric survey of the On Strike North Uranium claim group has been completed and an interpretation of the data is now underway.
