I, Timothy O. Kuhl, P.Geo., am a Professional Geoscientist employed as a Principal Geologist of AMEC Mining and Metals Consulting Services, 780 Vista Blvd, Suite 100, Sparks, NV.

This certificate applies to the technical report entitled "Technical Report on the Afton-Ajax E-W Deposit, Kamloops, British Columbia" with an effective date of October 31, 2008.

I am a Licensed Geologist in the State of Washington. I graduated from the South Dakota School of Mines and Technology with a Bachelors of Science degree in Geological Engineering in 1975 and a Masters of Science in Geology in 1982.

I have practiced my profession continuously since 1982 and have been involved in gold, coal, and iron ore operations in the United States and have been involved in exploration for gold, copper, lead, zinc, silver, coal and uranium deposits in the United States.

As a result of my experience and qualifications, I am a Qualified Person as defined in National Instrument 43-101 *Standards of Disclosure for Mineral Projects* (NI 43-101).

I visited the Afton-Ajax deposit near Kamloops, British Columbia on June 28, 2008 to July 5, 2008.

I am responsible for all sections 1 through 15 and 17 through 23 of the technical report.

I am independent of Abacus Mining and Exploration Corp. as independence is described by Section 2.5 of NI 43-101.

I have had no previous involvement with the Afton-Ajax E-W project.

I have read NI 43-101 and this report has been prepared in compliance with that Instrument.

As of the date of this certificate, to the best of my knowledge, information and belief, the technical report contains all scientific and technical information that is required to be disclosed to make the technical report not misleading.

"Signed and sealed"

Tim Kuhl, P.Geo
