

For Immediate Release
September 21, 2000

A.I.S. Resources Limited (CDNX "AIS") today announced the appointment of Jan B. Alsen as President and a Director effective immediately.

Mr. Alsen has extensive experience in international oil and gas exploration and development most recently in Kuwait and prior thereto in Columbia. Mr. Alsen is a professional geologist who resides in Calgary, Alberta, Canada.

C. Alan Smith, Chairman of A.I.S., stated "The addition of Mr. Alsen to our management team heralds a new focus for the Company in the oil and gas business where it has long been active. The Company is well positioned to take advantage of the increasing interest in oil and gas activity around the world."

In connection with the change in management, the Company proposes to issue 200,000 stock options at \$0.40 per share and also to undertake a non-brokered private placement of up to 1,200,000 common shares, also at \$0.40 per share.
