About Xanthic

Xanthic, through its wholly-owned operating subsidiary, Xanthic Biopharma Limited, provides valuable intellectual property to cannabis industry participants, enabling its strategic partners to produce high quality, innovative, non-combustible cannabis and cannabis-infused products. Using a proprietary process, Xanthic empowers its strategic partners to deliver superior cannabinoid solubility, improved bioavailability, accurate micro-dosing, and greater consistency versus competitive infused products. Through its investment in Xanthic Beverages, Xanthic has access to non-cannabis derived CBD-infused products that qualify for distribution outside of the cannabis dispensary network and into mainstream retail. www.xanthicbio.com and www.xanthicbev.com.
