

Statement of Certification by the Co-Author

I, EurGeol Dr Sebastiaan van der Klauw as an author of this Technical Report titled "Update of the NI 43-101 Technical Report for MagMineral's Mengo Permit Area, Kouilou Region, Republic of Congo", effective date: 01 October 2013, do hereby certify that:

(1) I am a senior geologist with ERCOSPLAN Ingenieurgesellschaft Geotechnik und Bergbau mbH, with an office located in Arnstaedter Strasse 28, 99096 Erfurt, Germany.

(2) I am a professional geologist and have been practicing in this capacity since July 1992.

I have been with the mining industry since 1996. As a professional geologist, I have been involved with in potash and salt exploration and potash mining geology since 1996, firstly in Germany and later in Russia, Brazil, Canada, Republic of Congo, Saudi Arabia, Ethiopia and Thailand.

I am a graduate of the Rijksuniversiteit Utrecht and earned a Master's Degree in Geology in 1990 and a PhD in Natural Sciences at the Ruhr-Universität Bochum (Ruhr University Bochum) in 1999.

I am a member of the KNGMG Royal Dutch Geologic and Mining Society.

I am a member in good standing of the European Federation of Geologists and am a registered "European Geologist" (Registration Number 756).

As a result of my experience and qualifications, I am a Qualified Person as defined in National Instrument 43-101.

(3) I undertook site visits of the permit lands/properties from

12/11/2009 to 19/11/2009, 22/06/2010 to 24/06/2010, 06/04/2011 to 09/04/2011, 16/03/2012 to 21/03/2012 and 16/11/2012.

(4) I am responsible for the Chapters 4 to 16 of the Technical Report and the overall compilation.

(5) I am independent of the issuer in accordance with Section 1.5 of National Instrument 43-101.

(6) My previous involvement with the property was between 2006 and 2010 with the preparation of the Resource and Reserve Reports for the property of MAGINDUSTRIES, with the last report on the property "Technical Report: "Updated Reserve and Resource Estimate for MagMinerals Kouilou Potash Project, Republic of Congo for MagMinerals" dated 10 June 2009 and preparation of a report on the surrounding Makola permit "Technical report: "Technical Scoping Study, Makola Exploration License, Kouilou Region, Republic of Congo, dated 10 August 2010.

(7) I have read National Instrument 43-101 and Form 43-101 F1, and the Technical Report has been prepared in compliance with National Instrument 43-101 and Form 43-101 F1.

(8) As of the effective date of the Technical Report, to the best of my knowledge, information and belief, the Technical Report contains all scientific and technical information that is required to be disclosed to make the Technical Report not misleading.

Dated July 02, 2014

(signed) Dr Sebastiaan van der Klauw
