Vulcan Minerals Inc. – Participates in Red Moon Private Placement

St. John's Newfoundland and Labrador - Vulcan Minerals Inc. ("the Company" - "Vulcan" TSX-V: VUL) announces that it intends to participate in a private placement by Red Moon Potash Inc (TSX-V:RMK) in an amount up to $200,000 consisting of 4,000,000 units at $0.05 per unit consisting of one common share and one half common share purchase warrant with each whole warrant exercisable into one common share at a price of $0.10 for a period of two years following closing.

Red Moon is engaged in the exploration and delineation of a salt/potash deposit in western Newfoundland. Red Moon has hired geological consulting firm APEX Geoscience Ltd. to prepare a National Instrument 43-101 mineral resource estimate for the Captain Cook salt deposit on its behalf (see press release October 14, 2015). The Company currently owns approximately 65% of the outstanding shares in Red Moon and a 3% royalty on the project lands.

Vulcan is a diversified junior exploration company with mineral exploration and petroleum interests in Newfoundland and Labrador.
