News Release

Healthscreen Announces Management Change

TORONTO, ON – March 4, 2011 - Healthscreen Solutions Inc. (“Healthscreen”) (TSX-V: MDU), Canada's premier provider of physician practice enhancement services and electronic medical record (“EMR”) software, is pleased to announce that Mr. Stewart Davis will assume the role of President and Chief Executive Officer effective immediately.

Mr. Davis was previously Healthscreen's Chief Operating Officer and has over thirty years of experience in the technology industry. Mr. Davis is replacing Mr. Justin Belobaba, who has resigned from his positions with the Company but will continue to provide advisory services to Healthscreen in connection with its chronic condition management program known as DIAMOND.

About Healthscreen Solutions Inc.:

Healthscreen Solutions Inc. (www.healthscreen.com) provides a comprehensive suite of practice enhancing products and services to increase physician productivity and revenue while reducing costs and improving patient care. The Company's portfolio includes billing and scheduling software, electronic medical records software, CallerMD which assists physicians in managing a range of uninsured medical services, PrevCareMD which helps physicians earn supplemental income by achieving government-set preventive care targets and HealthAlert which allows physicians to help their patients in managing complex healthcare issues. Healthscreen's services and software are used by over 5,000 full-time physicians who are responsible for the health care of more than five million Canadians.

Disclaimer: Forward Looking Statements

This press release contains information that is forward looking information with respect to Healthscreen within the meaning of Section 138.4(9) of the Ontario Securities Act and other applicable securities laws. In some cases, forward-looking information can be identified by the use of terms such as "may", "will", "should", "expect", "plan", "anticipate", "believe", "intend", "estimate", "predict", "potential", "continue" or the negative of these terms or other similar expressions concerning matters that are not historical facts. In particular, statements about future revenues or profitability, including the estimated timing of profitability, and any other statements regarding Healthscreen's future expectations, beliefs, goals or prospects are or involve forward-looking information.

Forward-looking information is based on certain factors and assumptions. While the Company considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect. Forward-looking information, by its nature necessarily involves risks and uncertainties, including risks and uncertainties relating to government regulation and funding in the healthcare industry, financial and capital market risks, technology development and adoption, Healthscreen's ability to maintain its competitive position and effectively implement its acquisition strategy, liability for software malfunction, management of growth, and length of sales cycles. Additional risks and uncertainties affecting Healthscreen can be found in Healthscreen's 2010 Annual Report and Management's Discussion and Analysis for the Fiscal Year ended September 30, 2010 filed on SEDAR at www.sedar.com. If any of these risks or uncertainties were to materialize or if the factors and assumptions underlying the forward-looking information were to prove incorrect, actual results could vary materially from those that are expressed or implied by the forward-looking information contained herein. Readers are cautioned not to place undue reliance on these forward-looking statements that speak only as of the date hereof. Trading in the securities of Healthscreen should be considered highly speculative.
