Item 5 Full Description of Material Change

5.1 Full Description of Material Change

The Company received TSX Venture Exchange acceptance of and has closed a secured convertible debenture in the aggregate amount of EURO€2,000,000. As collateral for the debenture, the Company has granted to the lender a general security interest over all its present and after-acquired property. Interest pursuant to the debenture is payable at a rate of 12% per annum, calculated annually and payable in arrears on August 31st of each year. The debenture matures on August 23, 2009. A commission of 6% of the gross funds advanced to the Company under this debenture was paid to an arms' length party.

The EURO€2,000,000 debenture is convertible, at the lender's option, into common shares of the Company at a price per share of CAD $0.36. The Company has the option to make each payment required pursuant to the debenture in shares at a price per share equal to the current discount market price of the common shares at the particular payment date using a 20 day average to determine such closing price (the "Conversion Price"). The Company has agreed with the TSX Venture Exchange to file a shares for debt filing prior to exercising its conversion right and further not to exercise its conversion right if the Conversion Price exceeds the discounted closing market price for the Company's shares on the day before the given payment date. Shares issued in terms of this debenture would be subject to a hold period expiring December 24, 2007.

Proceeds from the convertible debenture will be used for marketing, customer support, inventory and general corporate purposes.
