NEWS RELEASE

BIOSYENT SIGNS EXCLUSIVE AGREEMENT FOR NEW WOMEN'S HEALTH PRODUCT

FOR IMMEDIATE RELEASE **NOVEMBER 8, 2016**

TORONTO, ONTARIO (November 8, 2016) BioSyent Inc. ("BioSyent", TSX Venture: RX) is pleased to announce that its subsidiary BioSyent Pharma International Inc. has signed an exclusive License and Supply Agreement with a European partner for a new product in the women's health therapeutic area for the Canadian market. The product has been approved in Europe and in certain other markets around the world and will be launched in Canada after approval by Health Canada. BioSyent intends to submit the dossier seeking marketing approval of the product to Health Canada in 2017.

According to IMS Health data, the product will be in a sub-segment of the women's health market in Canada which is valued at approximately CAD $200 million and grew at an annualized rate of +5.0% for the 12 months ending in June 2016.

"BioSyent is pleased to add this product to our Community & Women's Health Business and further extends our product offering in the gynecology market realizing our goal to bring products that are unique and differentiated to Canada," said René Goehrum, President and CEO of BioSyent.

BioSyent continues to concentrate on its pharmaceutical strategy to source products that have been successfully developed and proven to be safe and effective; manage these products through the regulatory process and product registration and once approved, market these products in Canada and in certain international markets. The Company is focused on innovative products that are sourced through international partnerships. These products are unique due to manufacturing complexities, novel technological, therapeutic advantages and/or strong, defendable intellectual property rights. The Company's strategy allows it to commercialize these products as brands acquired or licensed to it by partners.
