NEWS RELEASE

January 26, 2000

Trading Symbol: SCS

SCS Solars Computing Systems Inc. (the "Company") announces that it has entered into an engagement letter with Canaccord Capital Corporation (the "Agent") whereby the Agent has agreed to facilitate and sponsor a private placement by the Company of up to 2,500,000 Special Warrants at a price of \$1.20 per Special Warrant, for aggregate gross proceeds of up to \$3,000,000.

Each Special Warrant will entitle the holder to acquire one unit (a "Unit"), each Unit consisting of one common share in the capital of the Company (a "Share") and non-transferable share purchase warrant (a "Warrant"). Each two Warrants will entitle the holder to acquire one further common share of the Company (a "Warrant Share") at the exercise price of \$1.30 per Warrant Share for a period of one year from the date of closing.

The Company has agreed to use its reasonable best efforts to file and obtain a receipt for a final prospectus in British Columbia, Alberta and such other provinces of Canada as the Company and the Agent may mutually agree upon (the "Qualifying Jurisdictions") qualifying the distribution of the Units on or before June 15, 2000 (the "Qualification Deadline"). The Company may, in lieu of filing a prospectus in British Columbia and Alberta to qualify the distribution of the Units, file an Annual Information Form in those provinces and obtain an acknowledgement of receipt therefor from the British Columbia and Alberta Securities Commissions such that the hold period on the Units will expire on or before the Qualification Date. If the Units are not qualified for distribution in the Qualifying Jurisdictions prior to the Qualification Date, each holder of the Special Warrants will be entitled to receive, upon the exercise or deemed exercise thereof, 1.1 Shares and 1.1 Warrants at no additional cost.

The Special Warrants will be exercisable at any time and from time to time on or before 5:00 p.m. (Vancouver time) on the earliest of: (i) the day which is five business days after receipts for a (final) prospectus of the Company are issued by the securities regulatory authorities in all Qualifying Jurisdictions in which the Company files such prospectus; (ii) the day which is five business days after the expiry of any statutory hold period or resale restrictions related to the Special Warrants and the Units, if such statutory hold period or resale restrictions expire or are terminated less than 330 days after the closing date; and (iii) the date which is the 330 days following the closing date. Any Special Warrants not exercised on or before that date will be exercised on the subscriber's behalf immediately prior thereto.

In consideration of the Agent providing its services, the Agent will be paid (i) a commission of 8% of the gross proceeds received by the Company from the sale of the Units; (ii) a corporate finance fee of 100,000 common shares in the capital stock of the Company at a deemed price of \$1.20 per share; and (iii) a corporate finance and administrative services fee of \$7,500 payable on closing. In addition, the Company will issue to the Agent special warrants (the "Agent's Special Warrants") in an amount equal to 25% of the number of Special Warrants sold. Each Agent's Special Warrant will be exercisable at no additional cost into one warrant, each Warrant entitling the Agent to acquire one common share of the Company at the exercise price of \$1.20 for a period of one year from closing.

The proceeds of the private placement will be used for sales and marketing of the Company's Solarnet and TourTek software products, and for general working capital.

The proposed private placement is subject to acceptance by the Canadian Venture Exchange.
