

BC FORM 51-102F3
Material Change Report

Item 1. Name and Address of Company

State the full name and address of your company and the address of its principal office in Canada.

REG TECHNOLOGIES, INC.
1103 – 11871 Horseshoe Way
Richmond, BC V7A 5H5
Phone: (604) 278-5996

Item 2. Date of Material Change

State the date of the material change.

February 2, 2005

Item 3. News Release

State the date and method(s) of dissemination of the news release issued under section 7.1 of National Instrument 51-102.

February 2, 2005

*The press release relating to this material change was distributed and filed by
Stockwatch and Businesswire on February 2, 2005.*

Item 4. Summary of Material Change

Provide a brief but accurate summary of the nature and substance of the material change.

*The Company announced that the Rand Cam™ technology will be exhibited at the
World Money Show, booth #406 –Gaylord Palms Resort, Orlando, Florida,
February 2 - 5, 2005. The Company will be demonstrating a plastic electric model
of its 42 H.P. Rand Cam™ engine, which is six inches long and six inches in
diameter. This plastic electric model Rand Cam™ engine will provide an excellent
example of the engine design and how it functions.*

Item 5. Full Description of Material Change

Supplement the summary required under Item 4 with the disclosure that should be sufficient disclosure to enable a reader to appreciate the significance and impact of the material change without having to refer to other material. Management is in the best position to determine what facts are significant and must disclose those facts in a meaningful manner. See also Item 7.

Some examples of significant facts relating to the material change include: dates, parties, terms and conditions, description of any assets, liabilities or capital affected, purpose, financial or dollar values, reasons for the change, and a general comment on the probable impact on the issuer or its subsidiaries. Specific financial forecasts would not normally be required.

Other additional disclosure may be appropriate depending on the particular situation.

For a full description of the material change, see Schedule "A".

Item 6. Reliance on section 7.1(2) or (3) of National Instrument 51-102

If this report is being filed on a confidential basis in reliance on section 7.1(2) or (3) of National Instrument 51-102, state the reasons for that reliance.

Not applicable.

Instruction:

Refer to subsections 7.1(4), (5) and (7) of National Instrument 51-102 concerning continuing obligations in respect of reports filed under subsection 7.1(2) or (3) of National Instrument 51-102.

Item 7. Omitted Information

State whether any information has been omitted on the basis that it is confidential information.

In a separate letter to the applicable regulator or securities regulatory authority marked "Confidential" provide the reasons for your company's omission of confidential significant facts in the Report in sufficient detail to permit the applicable regulatory or securities regulatory authority to determine whether to exercise its discretion to allow the omission of these significant facts.

Not applicable.

Instruction:

In certain circumstances where a material change has occurred and a material change report has been or is about to be filed but section 85 (3) of the Act will no longer or will not be relied upon, a reporting issuer may nevertheless believe one or more significant facts otherwise required to be disclosed in the material change report should remain confidential and not be disclosed or not be disclosed in full detail in the material change report.

Item 8. Executive Officer

Give the name and business telephone number of an executive officer of your company who is knowledgeable about the material change and the Report, or an officer through whom the executive officer may be contacted.

*John G. Robertson
President
(604) 278-5996*

Item 9. Date of Report

DATED at Richmond, British Columbia this 8th day of February 2005.

NEWS RELEASE

Reg Technologies, Inc.
(the "Company" or "Reg")

**REGI U.S., INC./REG TECHNOLOGIES, INC. DEMONSTRATES
THE RAND CAM™ PLASTIC ELECTRIC MODEL AT THE
WORLD MONEY SHOW IN ORLANDO, FLORIDA**

For Immediate Release: February 2, 2005. Vancouver, BC – REGI U.S., Inc. (OTC BB: RGUS)/Reg Technologies, Inc. (TSX Venture Exchange: RRE, OTC BB: REGRF) are pleased to announce that the Rand Cam™ technology will be exhibited at the World Money Show, booth #406 – Gaylord Palms Resort, Orlando, Florida, February 2 - 5, 2005. The Company will be demonstrating a plastic electric model of its 42 H.P. Rand Cam™ engine, which is six inches long and six inches in diameter. This plastic electric model Rand Cam™ engine will provide an excellent example of the engine design and how it functions.

The World Money Show draws over 10,000 investors from all over the world. For more details please visit the website at www.moneyshow.com

REGI U.S., Inc. owns the U.S. rights and the parent company Reg Technologies, Inc. owns the worldwide rights to the Rand Cam™ rotary technology. The engine is a light weight rotary engine that has only two moving parts: the vanes (up to 12) and the rotor, compared to the 40 moving parts in a simple four-cylinder piston engine. This revolutionary design makes it possible to produce a total of 24 continuous power impulses per one rotation that is vibration –free and extremely quiet. The Rand Cam™ engine also has multi-fuel capabilities and is able to operate using fuels including natural gas, hydrogen, propane and diesel. Reg Technologies, Inc., together with REGI U.S., Inc., is in the process of testing a Rand Cam™ diesel engine for a generator application for hybrid electric cars. Additionally, our licensee for the 42 H.P. production model diesel Rand Cam™ is currently completing the engine for unmanned aerial applications for the U.S. military. For more information please visit www.regtech.com.
