

BC FORM 51-102F3
Material Change Report

Item 1. Name and Address of Company

State the full name and address of your company and the address of its principal office in Canada.

REG TECHNOLOGIES INC.
#240 – 11780 Hammersmith Way
Richmond, BC V7A 5E9
Phone: (604) 278-5996

Item 2. Date of Material Change

State the date of the material change.

August 9, 2010

Item 3. News Release

State the date and method(s) of dissemination of the news release issued under section 7.1 of National Instrument 51-102.

August 9, 2010

The press release relating to this material change was distributed and filed by, Marketwire, Marketnews Publishing, Inc. and Stockwatch on August 9, 2010.

Item 4. Summary of Material Change

Provide a brief but accurate summary of the nature and substance of the material change.

The Company announced that its 50% interest in the Silverknife claims has been transferred to a newly created subsidiary company, Minewest Silver and Gold Inc.

Item 5. Full Description of Material Change

Supplement the summary required under Item 4 with the disclosure that should be sufficient disclosure to enable a reader to appreciate the significance and impact of the material change without having to refer to other material. Management is in the best position to determine what facts are significant and must disclose those facts in a meaningful manner. See also Item 7.

Some examples of significant facts relating to the material change include: dates, parties, terms and conditions, description of any assets, liabilities or capital affected, purpose, financial or dollar values, reasons for the change, and a general comment on the probable impact on the issuer or its subsidiaries. Specific financial forecasts would not normally be required.

Other additional disclosure may be appropriate depending on the particular situation.

For a full description of the material change, see Schedule "A".

Item 6. Reliance on subsection 7.1(2) of National Instrument 51-102

If this report is being filed on a confidential basis in reliance on subsection 7.1(2) of National Instrument 51-102, state the reasons for that reliance.

Not applicable.

Instruction:

Refer to subsections 7.1(5) and (7) of National Instrument 51-102 concerning continuing obligations in respect of reports filed under subsection 7.1(2) of National Instrument 51-102.

Item 7. Omitted Information

State whether any information has been omitted on the basis that it is confidential information.

In a separate letter to the applicable regulator or securities regulatory authority marked "Confidential" provide the reasons for your company's omission of confidential significant facts in the Report in sufficient detail to permit the applicable regulatory or securities regulatory authority to determine whether to exercise its discretion to allow the omission of these significant facts.

Not applicable.

Instruction:

In certain circumstances where a material change has occurred and a material change report has been or is about to be filed but section 85 of the Act will no longer or will not be relied upon, a reporting issuer may nevertheless believe one or more significant facts otherwise required to be disclosed in the material change report should remain confidential and not be disclosed or not be disclosed in full detail in the material change report.

Item 8. Executive Officer

Give the name and business telephone number of an executive officer of your company who is knowledgeable about the material change and the Report, or an officer through whom the executive officer may be contacted.

*John G. Robertson
President
(604) 278-5996*

Item 9. Date of Report

DATED at Richmond, British Columbia this 13th day of August, 2010.

NEWS RELEASE

Reg Technologies Inc. ("Reg" or "RRE.V" or "REGRF")

**REG TECHNOLOGIES INC. SPINS OFF 50% INTEREST IN
SILVERKNIFE CLAIMS TO ITS SUBSIDIARY**

For Immediate Release: August 9, 2010. Vancouver, BC - Reg Technologies Inc. (TSX) Venture Exchange: RRE.V, OTC BB: REGRF) is pleased to announce that its 50% interest in the Silverknife claims has been transferred to a newly created subsidiary company, Minewest Silver and Gold Inc.

The Reg Technologies Inc. subsidiary will be preparing an up-to-date geological report on the Silverknife claims (36 claims located in the Tootsee River area, Liard Mining Division, BC). The Silverknife claims are silver, gold, lead, and zinc prospects.

Pursuant to an agreement with Reg Technologies Inc., Minewest Silver and Gold Inc. will perform a work program consisting of \$150,000 in year one; and \$250,000 in year two. Reg Technologies will receive up to 8,000,000 shares of Minewest Silver and Gold. Reg Technologies plans to distribute shares of Minewest Silver and Gold to the Reg Technologies shareholders on a 7 to 1 basis as of record date August 27th, 2010. Reg Technologies will retain a 5% net profit return.

Negotiations are taking place to acquire the additional 50% interest in the Silverknife claims. Minewest Silver and Gold plan to raise \$250,000, of which, \$150,000 to be flow through funds, is to be spent on exploration, including drilling the known silver, lead and zinc targets, which were identified in a 3,000 ft drilling program completed in 1985.

ABOUT THE SILVERKNIFE CLAIMS

Reg Technologies Inc. has earned a 50% interest in the Silverknife claims by expending \$150,000 in 1985, pursuant to a joint venture agreement dated January 18, 1983. The Silverknife claims are a two claim (36 Units) property that is situated adjacent to the Midway property in north-central British Columbia. Road access exists to the property and exploration without extensive snow-cover is possible from June to early October.

Pursuant to Dr. Peter Christopher's Geological report on the Silverknife Claims dated December 22, 1983, the property should contain a favourable Sylvester-McDame contact that has been successfully explored on the Midway property, and an extension of the fault zone that controls mineralization on the Silvertip property.

REG TECHNOLOGIES INC.

Reg Technologies Inc. and REGI U.S., Inc. are developing for commercialization an improved axial vane type rotary engine known as the Rand Cam™/RadMax™ rotary technology used in the revolutionary design of lightweight and high efficiency engines, compressors and pumps. The RadMax™ engines has only two unique moving parts, the vanes (up to 12) and the rotor, compared to the 40 moving parts in a simple four-cylinder piston engine. This innovative design makes it possible to produce up to 24 continuous power impulses per one rotation that is vibration-free and extremely quiet. The RadMax™ engine also has multi-fuel capabilities allowing it to operate on fuels including gasoline, natural gas, hydrogen, propane and diesel. REG U.S., Inc. and its parent company, Reg Technologies Inc., are currently designing and testing prototype RadMax™ diesel engines, compressors and pumps intended for aviation, automotive, industrial processes, and military applications. READER ADVISORY

Statements in this press release regarding the business of Reg Technologies Inc. and REGI U.S., Inc. (together the “Companies”) which are not historical facts are “forward-looking statements” that involve risks and uncertainties, including management’s assessment of future plans and operations, and capital expenditures and the timing thereof, certain of which are beyond the Companies’ control. There can be no assurance that such statements will prove accurate, and actual results and developments are likely to differ, in some case materially, from those expressed or implied by the forward-looking statements contained in this press release. Readers of this press release are cautioned not to place undue reliance on any such forward-looking statements.

Forward-looking statements contained in this press release are based on a number of assumptions that may prove to be incorrect, including, but not limited to: the impact of competitive products and pricing, the Companies’ dependence on third parties and licensing/service supply agreements, and the ability of competitors to license the same technologies as the Companies or develop or license other functionally equivalent technologies; financing requirements; changes in laws, rules and regulations applicable to the Companies and changes in how they are interpreted and enforced, delays resulting from or inability to obtain required regulatory approvals and ability to access sufficient capital from internal and external sources, the impact of general economic conditions in Canada, and the United States, industry conditions, increased competition, the lack of availability of qualified personnel or management, fluctuations in foreign exchange, stock market volatility and market valuations of companies with respect to announced transactions. The Companies’ actual results, performance or achievements could differ materially from those expressed in, or implied by, these forward-looking statements, including those described in Reg Technologies’ financial statements, management discussion and analysis and material change reports filed with the Canadian Securities Administrators and available at www.sedar.com, and its Form 20-F filed with the United States Securities and Exchange Commission at www.sec.gov, and REGI’s Form 10-KSB annual report filed with the United States Securities and Exchange Commission at www.sec.gov. Accordingly, no assurances can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what benefits, including the amount of proceeds, that the Companies will derive therefrom.

Readers are cautioned that the foregoing list of factors is not exhaustive. All subsequent forward-looking statements, whether written or oral, attributable to the Companies or persons acting on its behalf are expressly qualified in their entirety by these cautionary statements. Furthermore, the forward-looking statements contained in this news release are made as at the date of this news release and the Companies do not undertake any obligation to update publicly or to revise any of the included forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by applicable securities laws.

The TSX Venture Exchange has neither approved nor disapproved of the information contained herein.
