NEWS RELEASE

The Company announces that it has arranged a combination brokered and non-brokered private placement financing of an aggregate of up to 1.5 million special warrants or units (not including penalty stock) to various investors at a price of \$1.40 per unit or special warrant, to be held unconditionally for a minimum of 12 months from the date of payment for the units/special warrants. Proceeds from the private placement will be used to acquire and develop GTG Technologies' business should an agreement be reached.

Each unit/special warrant will consist of one common share in the capital stock of the Company and one non-transferable share purchase warrant (the "Warrants"). Each Warrant will entitle the holder to purchase one additional common share for a term of two years from the payment for the units/special warrants at a price of \$1.50 per share during the first year or at a price of \$1.60 per share during the second year.

The Company is currently negotiating the commission payable to the broker for the brokered portion of the financing.

The issuance of the private placement shares and non-transferable share purchase warrants and payment of the commission is subject to regulatory acceptance.

The Company's negotiations with GTG Technologies and the evaluation of many aspects of their business, e.g. Internet technologies, data delivery and dissemination hardware and software previously described in the Press Releases dated November 23, 1999 and January 28, 2000 are continuing.
