5 Full Description of Material Change

Further to its news release of May 20, 2010, the Company announced that, subject to regulatory approval, it has repriced its non-brokered private placement ("Private Placement"). The Company now intends to raise up to $840,000 by the issuance of 3,000,000 flow through units (the "FT Units") at $0.28 per FT Unit. Each FT Unit will consist of one flow through common share and one-half of a share purchase warrant, with each whole warrant entitling the holder to purchase an additional non-flow through common share at a price of $0.40 for a period of one year from the closing date. With respect to this Private Placement, the Company may pay finders' fees in the amount of 10% of the proceeds raised from the sale of FT Units (payable in cash or Non FT Units at a deemed price unit of $0.28 per unit) based on the number of FT Units purchased by subscribers introduced to the Company by such finders.

The Company intends to use the proceeds from this Private Placement for furthering the exploration of the Company's mineral exploration properties.
