Notes to the Condensed Interim Financial Statements
For the Three and Nine Months Ended September 30, 2021 and 2020
(Expressed in Canadian Dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

Ross River Minerals Inc. (the “Company”) was incorporated on June 12, 1996 under the laws of the province of British Columbia as 521844 B.C. Ltd. The Company changed its name to Ross River Minerals Inc. on May 22, 2002. The Company is an exploration stage company and is engaged in the acquisition, exploration, and development of mineral resource properties. The Company is currently looking for new business opportunities.

The head office and records office of the Company are located at 1430 – 800 West Pender Street, Vancouver, British Columbia, Canada, V6C 2V6. The Company is listed for trading on the TSX Venture Exchange under the symbol “RRM.H”.

On March 11, 2020, the World Health Organization declared COVID-19 a global pandemic. This contagious disease outbreak and any related adverse public health developments, has adversely affected workforces, economies, and financial markets globally, leading to an economic downturn. The impact on the Company is not currently determinable, but management continues to monitor the situation.

These condensed interim financial statements are prepared on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future and that management does not intend to liquidate the Company or to cease trading, or has no realistic alternative but to do so. As at September 30, 2021, the Company had a working capital deficiency of \$386,445 and has accumulated losses since its inception of \$14,417,611 which has been funded primarily by equity and debt financing. These factors indicate the existence of a material uncertainty that may cast significant doubt on the ability of the Company to continue as a going concern.

The Company's ability to continue its operations and to realize its assets at their carrying values is dependent upon obtaining additional financing or maintaining continued support from its shareholders and creditors, and generating profitable operations in the future. These financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and liabilities that might be necessary should the Company be unable to continue in existence.

2. BASIS OF PRESENTATION

(a) Statement of Compliance

These unaudited condensed interim financial statements were prepared in accordance with International Accounting Standard (“IAS”) 34, Interim Financial Reporting. Accordingly, they do not include all of the information and disclosures required by IFRS for annual financial statements. These unaudited condensed interim financial statements should be read in conjunction with the Company's annual financial statements for the year ended December 31, 2020 which were prepared in accordance with IFRS as issued by the International Accounting Standards Board (“IASB”). These unaudited condensed interim financial statements have been prepared using the same accounting policies and methods of application as the latest annual financial statements. In the opinion of management, all adjustments (consisting of normal and recurring accruals) considered necessary for fair presentation have been included. The results for interim periods are not necessarily indicative of results for the entire year. The preparation of these unaudited condensed interim financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of these unaudited condensed interim financial statements and the reported amounts of expenses during the period. As a result, actual amounts may differ from those estimates.

The Company's functional and presentation currency is the Canadian dollar.

The Company's accounting policies have been applied consistently to all periods presented in these unaudited condensed interim financial statements.

(e) Critical accounting judgments and estimates

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates, and assumptions that affect the application of policies and reported amounts of assets and liabilities and disclosures of contingent assets and contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant accounts that require estimates as the basis for determining the stated amounts include exploration and evaluation assets, share-based payments, allocation of financing proceeds, and income and mining taxes. Differences may be material. The assessment of the Company's ability to continue as a going concern involves management judgement about the Company's resources and future prospects.

3. RECENT ACCOUNTING PRONOUNCEMENTS
