ROSS RIVER MINERALS INC.

Notes to the Condensed Interim Financial Statements

For the Three and Nine Months Ended September 30, 2024 and 2023

(Expressed in Canadian Dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

Ross River Minerals Inc. (the "Company") is a Yukon registered company, with extra-provincial registration in British Columbia. The Company was incorporated under the laws of British Columbia on June 12, 1996 as 521844 B.C. Ltd. and subsequently changed its name to Panamex Resources Inc. on September 4, 1996 and then continued into the Yukon on June 23, 1998. On May 22, 2002, the Company changed its name to Ross River Minerals Inc. The Company completed a reverse take-over on May 28, 2002 whereby the former shareholders of Ross River Gold Ltd. acquired control of the Company through a share-for-share exchange.

The Company is an exploration stage company and is engaged in the acquisition, exploration, and development of mineral resource properties currently looking for new business opportunities. The head office and records office of the Company are located at 1500 – 1055 West Georgia Street, Vancouver, British Columbia, Canada, V6E 4N7. The Company is listed for trading on the TSX Venture Exchange under the symbol "RRM.H".

These condensed interim financial statements are prepared on a going concern basis, which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future and that management does not intend to liquidate the Company or to cease trading or has no realistic alternative but to do so. During the period ended September 30, 2024, the Company had no revenues, incurred a net loss of \$42,623, and had negative cash flows from operations. As at September 30, 2024, the Company had a working capital deficit of \$565,967 and has accumulated losses since its inception of \$14,581,903. These factors indicate material uncertainty that may cast significant doubt on the ability of the Company to continue as a going concern. The Company's ability to continue its operations and to realize its assets at their carrying values is dependant upon obtaining additional financing or maintaining continued support from its shareholder and creditors and generating profitable operations in the future. These financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and liabilities that might be necessary should the Company be unable to continue in existence.

2. BASIS OF PRESENTATION

(a) Statement of Compliance

These unaudited condensed interim financial statements were prepared in accordance with International Accounting Standard ("IAS") 34, Interim Financial Reporting. Accordingly, they do not include all of the information and disclosures required by IFRS for annual financial statements. These unaudited condensed interim financial statements should be read in conjunction with the Company's annual financial statements for the year ended December 31, 2023 which were prepared in accordance with IFRS as issued by the International Accounting Standards Board ("IASB"). These unaudited condensed interim financial statements have been prepared using the same accounting policies and methods of application as the latest annual financial statements. In the opinion of management, all adjustments (consisting of normal and recurring accruals) considered necessary for fair presentation have been included. The results for interim periods are not necessarily indicative of results for the entire year. The preparation of these unaudited condensed interim financial statements in conformity with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of these unaudited condensed interim financial statements and the reported amounts of expenses during the period. As a result, actual amounts may differ from those estimates.

The Company's functional and presentation currency is the Canadian dollar.

ROSS RIVER MINERALS INC.

Notes to the Condensed Interim Financial Statements

For the Three and Nine Months Ended September 30, 2024 and 2023

(Expressed in Canadian Dollars)

2. BASIS OF PRESENTATION (continued)

(b) Approval of the financial statements

These unaudited condensed interim financial statements of the Company were approved by the Board of Directors and authorized for issue on November 27, 2024.

(c) Basis of consolidation

These consolidated financial statements include the accounts of the Company and its wholly owned inactive subsidiaries, Minera Rio Ross S.A. de C.V. and 1174703 B.C. Ltd., which was incorporated in British Columbia, Canada on August 3, 2018.

(d) Significant Accounting Policies

These unaudited condensed interim financial statements do not include all of the significant accounting policies required by IFRS for complete financial statements for year-end reporting purposes. These financial statements should be read together with the audited financial statements for the year ended December 31, 2023 which in Note 2 detail all significant accounting policies adopted by the Company.

The Company's accounting policies have been applied consistently to all periods presented in these unaudited condensed interim financial statements.

(e) Critical accounting judgments and estimates

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates, and assumptions that affect the application of policies and reported amounts of assets and liabilities and disclosures of contingent assets and contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant accounts that require estimates as the basis for determining the stated amounts include exploration and evaluation assets, share-based payments, allocation of financing proceeds, and income and mining taxes. Differences may be material. The assessment of the Company's ability to continue as a going concern involves management judgement about the Company's resources and future prospects.

3. RECENT ACCOUNTING PRONOUNCEMENTS

A number of new standards, and amendments to standards and interpretations, are not yet effective for the period ended September 30, 2024, and have not been early adopted in preparing these consolidated financial statements. These new standards, and amendments to standards and interpretations are either not applicable or are not expected to have a significant impact on the Company's consolidated financial statements.

4. LOANS PAYABLE

- (a) As at September 30, 2024, the Company owes \$307,346 (December 31, 2023 - \$307,346) to a non-related party, which is unsecured, non-interest bearing, and due on demand.
- (b) As at September 30, 2024, the Company owed \$106,067 (December 31, 2023 - \$100,025) to a non-related party, which is unsecured, bears interest of 10% per annum, and is due on demand. As at September 30, 2024, the amounts owed includes \$25,567 (December 31, 2023 - \$19,507) of accrued interest.

7. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

(a) Fair Values

The fair values of short-term financial instruments, including cash, amounts receivables, accounts payable and accrued liabilities, amounts due to related parties, and loans payable, approximate their carrying values due to the relatively short-term maturity of these instruments.

(b) Credit Risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counter-party default on its obligation. The Company minimizes its credit risk associated with its cash balance by dealing with major financial institutions in Canada. Amounts receivable is primarily comprised of GST receivable due from the Government of Canada. The carrying amount of financial assets represents the maximum credit exposure.

(c) Foreign Exchange Rate and Interest Rate Risk

The Company is not exposed to any significant foreign exchange rate or interest rate risk.

(d) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company manages liquidity risk by maintaining sufficient cash balances and adjusting its operating budget and expenditure. Liquidity requirements are managed based on expected cash flows to ensure that there is sufficient capital in order to meet short-term and other specific obligations.

(e) Price Risk

The Company is exposed to price risk with respect to commodity prices. The Company's ability to raise capital to fund exploration and development activities is subject to risks associated with fluctuations in the market price of commodities.

8. CAPITAL MANAGEMENT

The Company is actively looking to acquire an interest in a business or assets and this involves a high degree of risk. The Company has not determined whether it will be successful in its endeavours and does not generate cash flows from operations. The Company's primary source of funds comes from the issuance of share capital. The Company does not use other sources of financing that require fixed payments of interest and principal due to lack of cash flow from current operations and is not subject to any externally imposed capital requirements.

The Company's objective when managing capital is to safeguard the Company's ability to continue as a going concern.

The Company defines its capital as shareholders' equity. Capital requirements are driven by the Company's general operations. To effectively manage the Company's capital requirements, the Company monitors expenses and overhead to ensure costs and commitments are being paid.

There have been no changes to the Company's approach to capital management during the period ended September 30, 2024.
