

Carbon Done Right Announces Closing of Second Tranche of Non-Brokered Private Placement

VANCOUVER, BC, January 10, 2025 - Carbon Done Right Developments Inc. ("Carbon Done Right" or the "Company") (TSXV: KLX) (FSE: Q1C), a leading provider of high-quality carbon credits sourced exclusively from afforestation and reforestation projects developed and owned by the Company, is pleased to announce that it has completed the second tranche of its non-brokered private placement that was previously announced on December 20, 2024 and amended on January 8, 2025, and has issued 10,000,000 shares at a price of \$0.015 per share, for gross proceeds of \$150,000. This brings the total shares issued in the non-brokered private placement so far to 17,000,000, with total gross proceeds received so far of \$255,000.

The Company plans to utilize offering proceeds for continued investment into operations and corporate support for the Company's flagship forest carbon restoration project and in order to meet investment requirements associated with the final milestone payment under the previously announced pre-purchase agreement (April, 2023).

The remainder of the Offering is expected to close during January 2025, subject to certain closing conditions including, but not limited to, the receipt of all necessary approvals including the conditional approval of the TSX Venture Exchange. The Company may pay finders' fees under the offering in accordance with applicable securities laws and the policies of the TSX Venture Exchange. The securities issued under the Offering will be subject to a hold period under applicable securities laws in Canada expiring four months and one day from the closing date of the Offering.

This news release does not constitute an offer to sell or solicitation of an offer to sell any securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act") or any state securities laws and may not be offered or sold within the United States or to U.S. Persons unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.

About Carbon Done Right

Carbon Done Right is an owner and operator of nature-based carbon assets that serves the growing demand for carbon credits from companies seeking to meet their Net Zero goals. The Company achieves this by investing in the exploration, restoration and management of terrestrial and marine systems that can either be protected to enhance the sequestration of greenhouse gases or restored from a degraded status to fully productive ecosystems. The Company's dedication to environmental stewardship and its robust pipeline of carbon credit projects makes it a trusted partner to the largest buyers of carbon credits in the world, in the fight against climate change. Carbon Done Right deploys capital at risk under various arrangements (including cooperation, assignment, and production sharing agreements) with government engagement in various suitable jurisdictions around the world including Sierra Leone, Yucatan, Guyana and Suriname.
