**BACKLOG TO 2026 EQUAL TO € 29.6 MILLION AS OF MARCH 31, 2025  
(€ 28.5 MILLION AS OF 31.12.2024)**

***Milan, May 15, 2025***

**Circle S.p.A.** (“CIRCLE” or the “Company”) - an Innovative SME **listed on the Euronext Growth Milan market**, heading the Group specialized in the process analysis and the development of solutions for the digitalization of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics – announces that the Board of Directors today approved the preliminary value of production and certain unaudited KPIs as at March 31, 2025.

The figures for the first quarter 2025 overall reflect the positive development of the business, with:

- **Consolidated Value of Production** amounting to Euro 5.8 million, an increase of 59% compared to first quarter of 2025 (Euro 3.6 million);
- **Proprietary Software Products**, also offered in SaaS mode (Software as a Service) on a cloud platform equal to Euro 2 million, up 137% compared to 1Q2024 (Euro 0.8 million);
- **Milos® Federative Services** equal to Euro 648 thousands, up 155% compared to 1Q2024 (Euro 254 thousands).

EUR	1Q 2024	1Q 2025	Change%
Value of the production of the Group	3,606,572	5,750,471	59%
Proprietary Software Products	830,330	1,970,404	137%
Milos Federative Services	254,479	647,711	155%

The Group's multi-year **backlog** (prepared on the basis of management data and with visibility until 2026) at the end of March 2025 was up to **Euro 29.6 million** (Euro 28.5 million at 31 December 2024).

**Luca Abatello, Presidente & CEO di CIRCLE Group** commented: “We are very pleased with the results achieved in the first quarter of 2025, which were the result of both organic growth and the integration of solutions and expansion of the Group-wide offering, which started at the end of 2024. These factors contributed significantly to the performance, despite a complex macroeconomic environment and increasing delays in the progress of some orders related to European projects, the National Recovery and Resilience Plan (PNRR) and the postponement of investments due to the uncertainty related to tariffs (but fortunately no cancellations). In this environment, we further accelerated the implementation of the “**Connect 4 Agile Growth**” strategy, with the presentation at European level of the new versions of the MILOS TFP and KMASTER products in Munich at the beginning of June.

As we have already announced, since last summer, the market has been affected by the worsening of the macroeconomic environment. In a context marked by strong geo-political tensions and the slowdown in international trade, we decided to concentrate resources on growth, following the acquisition of the business unit in December 2024, with a focus on the **TRUCK INTRA EU** component and the **MED area**.

At the end of 2024 and at the beginning of 2025, although delayed compared to the initial forecasts, the first orders related to the EU and PNRR started. For those still at a standstill, they are expected to be released by July 2025, allowing full use to be made of the final twelve months of implementation of the Next Generation EU and PNRR programmes.

Magellan Circle continued to distinguish itself at the international level thanks to its ability to attract strategic European projects. Furthermore, the KMASTER solution, developed by eXyond, allowed the Group to access key markets such as **France, Germany and Eastern Europe**.

At the same time, we are facing a growing demand for innovative services that facilitate the digitisation of both internal processes and interactions with customers and suppliers. We strengthen the focus on Industrial & Distribution sector with the **MILOS® GSCV** product, also in function of the strong demand that offers us the opportunity to develop verticalised solutions in line with our strategic objectives, particularly in the industrial sectors of fresh

food (the cold chain) and steel. In this regard, we participated at a very interesting workshop today, together with industrial and logistics operators, that was very well attended and had tangible outcomes.

Finally, the recent **increase in Algebris's stake** in the Group's capital confirms its strong commitment to our long-term vision and the value created through the **Connect 4 Agile Growth strategy**."
