

PRESS RELEASE

Circle GROUP: first MILOS TOS module launched with a €300,000 contract ***Digitalisation of inland intermodal terminals in southern Europe gets underway***

Milan, September 18, 2025

[Circle S.p.A.](#) (“CIRCLE” or the “Company”) - an Innovative SME listed on the **Euronext Growth Milan market**, heading the Group specialized in the process analysis and the development of solutions for the digitalisation of the port and intermodal logistics sectors, as well as in the international consultancy on Green Deal and energy transition topics – announces the launch of a new and important project for the digitalisation of inland intermodal terminals, with an initial licence worth approximately **€300,000**.

The contract involves the implementation of the **MILOS® Terminal Operating System (TOS)** at a major inland terminal in Southern Europe, with the aim of **optimising the operational and digital management of all activities** supporting land intermodality. The project represents the first step in a broader program, based on a framework agreement that aims to modernise a selected group of terminals of high strategic importance for the national/Mediterranean supply chain.

The MILOS® TOS system – a central component of the Circle Group technology platform – will enable integrated control of yard activities, load unit handling, resource management and process automation, thanks to advanced features such as operational planning and integrated flow management, real-time tracking of intermodal units, optimisation of human resources and vehicles, interoperability with third-party systems (including railway companies, logistics operators and gate automation) and integrated digital document management.

The system will be fully interoperable with the **ICT infrastructure** already in place at the terminal and designed to interact with other functional components, according to a modular and scalable architecture. In this context, collaboration with technology partners such as Aitek (Sesamo Gate, gate automation in the field) and **eXyond** (GOS, gate automation), for the construction of a digital ecosystem capable of responding dynamically to the needs of inland terminals.

In line with the **Connect 4 Agile Growth** business plan, Circle Group is strengthening its position as a technology enabler in digital transformation projects in the rail and intermodal sector, confirming its role as a strategic partner for innovation in land logistics.

'We are very proud to support the digitalisation of such an important intermodal hub,' comments Luca Abatello, CEO of Circle Group. 'MILOS® TOS, already adopted in numerous ports and inland terminals in Italy and Europe, once again demonstrates its effectiveness as an enabler for the digital evolution of the logistics hubs of the future, in line with the 'Connect 4 Agile Growth' plan.'

This press release is available in the Investor Relations section of the website www.circlegroup.eu and www.1info.it.

Founded in Genoa in 2012, Circle S.p.A. is the Innovative SME leading Circle Group, a company listed on Euronext Growth Milan since 2018 and specialized in the analysis and development of solutions for innovation and digitalization in the port and intermodal logistics sectors, as well as in international consultancy on Green Deal and energy transition topics.

The Group includes the software houses Info.era, NEXT Freight, eXyond, Cargo Start, the consulting firms Magellan Circle and Magellan Circle Italy, NEXT Customs, as well as the affiliated company ACCUDIRE.

In the field of digital innovation, the Milos® Intelligence platform integrates advanced technologies such as AI, simulation, and Digital Twin to support decision-making processes and the digitalization of systems, through solutions like the Extended Port Community System, MasterSPED®, Milos® TOS, Milos® MTO, Milos® TFP, Milos® Global Supply Chain Visibility, and StarTracking®. Complementing the offering, Federative Services (cloud-based) enable a more efficient migration towards digital business models.

Through Magellan Circle and Magellan Circle Italy, the Group is active in Brussels and across Europe in advocacy activities with the European Institutions, supporting public bodies and companies with services in Strategic Communication and Advocacy and EU Funding Accelerator, with a focus on the Green Deal and energy transition.

With Cargo Start, specialized in technological solutions for air cargo, Circle has strengthened its offering in a strategic segment of the Connect 4 Agile Growth industrial plan. With eXyond, the Group operates in advanced infomobility services (InfoBluNewGen) and telematics solutions for the logistics, transport, and insurance sectors (Kmaster).

*Circle also holds a 22% stake in the innovative startup **ACCUDIRE**, which offers a collaborative platform for document management along global supply chains, starting from **e-CMR** and **e-DDT** (electronic consignment note). With **NEXT Customs**, the Group develops digital services for customs optimization, contributing to the harmonization of processes in line with the strategic directions of **Connect 4 Agile Growth**.*

Circle S.p.A. has been listed on the Euronext Growth Milan market of Borsa Italiana since October 26, 2018 (alphanumeric code: CIRC; ISIN code ordinary shares: IT. 0005344996).
