## WORLD WISE SIGNS UP MANUFACTURERS AGENTS IN SEVEN AMERICAN STATES AND UNVEILS MARKETING STRATEGY

Markham, Ontario - World Wise Technologies Inc. ("World Wise") announces the signing of Sales Representation Agreements with three agencies to represent World Wise and its business units in seven American states.

1. Ward & Associates of Burbank California, will represent clients within the state of California. The principal, Mr. Brad Ward has been involved with manufacturing representation for 15 years. He is president of the California Small Manufacturers Association, and is involved in promoting NAFTA partnerships in Mexico.
2. Landmark Electronics of Dallas, Texas, will cover the states of Texas, Louisiana and Oklahoma. Mr. Richard Terril, President, was formerly President of P. J. Scanlin of Texas and responsible for over \$100 million in equipment sales.
3. Chaparral Electronics Inc. of Mesa, Arizona, with five offices, will service clients in the states of Arizona, Nevada and New Mexico. Chaparral was established in 1974 as an Electronic Manufacturers' Representative organization. Their customers include Litton Industries, Phillips, Lockheed Martin, Allied Signal and US Department of Energy.

World Wise unveiled its marketing strategy for its business units, including its subsidiary, General Cybernetics Inc. ("GCI") and its new division RobSim.com, the e-commerce business unit, to the Company shareholders at the Annual and Special Meeting of Shareholders held on Monday April 17<sup>th</sup>. World Wise will establish sales and service offices throughout North America, Europe and Asia for all of its business units.

The shareholders were presented with a mock-up of the e-commerce site, RobSim.com to be launched by July 1, 2000. The RobSim.com business unit will introduce 2 products/services for the launch:

1. *I S.T.E.P.* (One Source To Easy Problem-solution) is a "Knowledge Base" service providing links to plant logistics information, products and services on the internet;

2. **PAL** (Plant Automation Logistics) software, a visualization solution (i.e. simulation) for distribution, manufacturing and process control.

RobSim.com has already recruited several strategic partners to sell products/services through the e-commerce site. By the launch date additional partners will have been included. The third product, **Virtual Architect**, a design software, enabling clients from any field to design products and plant facilities, will be introduced at a later date.

“The Company is ready to expand.” says Michael C. Fascia, President and CEO of World Wise, “We now have 6 hardware and software products to manufacture and market...our third and fourth quarter of this fiscal period will be very promising.” Management is confident that World Wise will meet its target of \$1.5 million in sales this fiscal year. The projected sales for the second quarter ended March 31, 2000 are over \$150,000, with the six month sales at over \$300,000. This represents an increase of over 100% from the previous year, and a record for a six month period.

World Wise also wishes to announce that the Directors of the Company have approved a resolution granting 970,000 Incentive Stock Options under the company Incentive Stock Option Plan, to directors, officers, employees and consultants of the Company and its subsidiary. The stock options granted are at a price of \$0.50 per share for a 3 year duration.

World Wise Technologies Inc. is a public company operating three distinct, but related, business units, specializing in the development and marketing of **fuzzy-driven** Application Specific technology for the purpose of maximizing productivity, energy savings and cost efficiency. The wholly owned subsidiary, **General Cybernetics Inc.** specializes in the design, integration and marketing of Robotics and Advanced Computing Products. World Wise has established two new divisions within the Company: the **RobSim.com** division is an on-line, one source to easy problem solving tool for engineers, plant managers, business persons and entrepreneurs; the **FDSP System Solution** division, focuses on the implementation of the Fuzzy Digital Processor core for specific applications.
