### WORLD WISE ENJOYS AN EVENTFUL MONTH OF PROGRESS

Markham, Ontario - World Wise Technologies Inc. ("World Wise"), during the month of May opened a U.S. Office, conducted a selling trip to California, began the process of preparing three contract proposals resulting from the California Trip, and started the application process for listing on the CDNX.

#### US Office –

As of May 22, 2000 World Wise opened its US office. The office address is:

World Wise Technologies Inc.  
6731 San Fernando Rd.  
Glendale, California  
91201

Overseeing the day-to-day operations of the office is Mr. Brad Ward, who can be reached at 818-502-1455.

#### California Sales Trip -

Michael C. Fascia (President and CEO), Mike McLaren (President, General Cybernetics Inc.) and Frank Rogelj (VP – Business Development, General Cybernetics Inc.) made up the sales team during a recent trip to California. The team met key players in the Electronics Industry to discuss how World Wise products and services (-or- "know-how") could fill the needs that have arisen in this competitive environment.

Presentations were made to Quantum, Solectron, Western Digital, and Schobers Machine and Engineering.

#### Proposals Resulting from the California Trip –

As a result of the trip World Wise is currently developing three proposals...

1. The first is a proposal for the development of facility Simulation and Control Software allowing the user to monitor the efficiency and effectiveness of the facility's processes. The proposal is set to be delivered by June 16<sup>th</sup>.
2. The company will also be preparing two different proposals in the area of Automated Integrated Systems. The preliminary designs have already been forwarded. The final proposals are scheduled to be delivered in September.

According to Frank Rogelj (VP-Business Development) the proposals can potentially generate \$100 Million U.S. in revenues over the next three years.

#### **CDNX Application –**

In response to questions regarding the company's plans for listing with the CDNX, World Wise announces it has commissioned Clark, Wilson, Barristers & Solicitors, of Vancouver, B.C. for the purpose of applying to list on the CDNX. The application began the week of May 22<sup>nd</sup>, 2000 and is expected to take 60 to 120 days to complete.

To cap off the eventful month, the technologies of General Cybernetics Inc., a World Wise company, were cited as competitive advantages in the realm of TIMS (Totally Integrated Manufacturing Systems) and the Industrial Internet in a recent article written by Lance Gordon, Senior Analyst, Frost & Sullivan.

World Wise Technologies Inc. is a public company operating three distinct, but related, business units, specializing in the development and marketing of *fuzzy-driven* Application Specific technology for the purpose of maximizing productivity, energy savings and cost efficiency. The wholly-owned subsidiary, **General Cybernetics Inc.** specializes in the design, integration and marketing of Robotics and Advanced Computing Products. World Wise has established two new divisions within the Company: the **RobSim.com** division is an on-line, one source to easy problem solving tool for engineers, plant managers, business persons and entrepreneurs; the **FDSP System Solution** division, focuses on the implementation of the Fuzzy Digital Processor core for specific applications.
