ComplyTrust ™ Expands its Software Development Team

Vancouver, British Columbia--(June 8, 2021) – Oculus VisionTech Inc. (TSXV: OVT; OTCQB: OVTZ; FSE: USF1), an emerging data compliance innovator, is pleased to announce three new additions to the ComplyTrust™ Inc. software development team.

The new members enable ComplyTrust™' to further develop the *ComplyScan™* cloud backup compliance reporting tool and *Forget-Me-Yes™* data privacy compliance product development roadmaps.

The ComplyTrust™ development team welcome the new members, MC Brown, HO Hurtado and SR Montes, who bring additional cloud-native architecture, CI/CD, Dev/Ops, Management and Security expertise along with additional back and front-end development capabilities.

"We are very pleased to on-board this new talent into our DEV team", said Michael Johnson, Director of Product Management at ComplyTrust™. "Their expertise deepens our ability to increase product feature velocity to better address customer and market needs".

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This news release contains forward-looking statements and information within the meaning of applicable securities laws (collectively, "forward-looking statements"), including the United States Private Securities Litigation Reform Act of 1995. All statements in this news release which are not purely historical are forward-looking statements and include any statements regarding beliefs, plans, expectations or intentions regarding the future. Such forward-looking statements include, among others, statements as to the intended uses of the proceeds received from the Offering. Often, but not always, forward-looking statements can be identified by words such as "pro forma", "plans", "expects", "may", "should", "budget", "schedules", "estimates", "forecasts", "intends", "anticipates", "believes", "potential" or variations of such words including negative variations thereof and phrases that refer to certain actions, events or results that may, could, would, might or will occur or be taken or achieved. Actual results could differ from those projected in any forward-looking statements due to numerous factors including risks and uncertainties relating to, among others, the change of business focus of the management of Oculus, the inability of Oculus to pursue its current business objectives, the ability of the Company to obtain any required governmental, regulatory or stock exchange approvals, permits, consents or authorizations required, including TSXV final acceptance of the Offering and any planned future activities, and obtain the financing required to carry out its planned future activities. Other factors such as general economic, market or business conditions or changes in laws, regulations and policies affecting the Company's industry, may also adversely affect the future results or performance of the Company. These forward-looking statements are made as of the date of this news release and Oculus assumes no obligation to update the forward-looking statements, or to update the reasons why actual results could differ from those projected in these forward-looking statements. Although Oculus believes that the beliefs, plans, expectations and intentions contained in this news release are reasonable, there can be no assurance those beliefs, plans, expectations, or intentions will prove to be accurate.

Investors should consider all of the information set forth herein and should also refer to the risk factors disclosed in Oculus' periodic reports filed from time-to-time with the United States Securities Exchange Commission and

Canadian securities regulators. These reports and Oculus' public filings are available at www.sec.gov in the United States and www.sedar.com in Canada.
