Rainmaker Resources Ltd. Announces Corporate Changes

March 26, 2015 Vancouver BC - Rainmaker Resources Ltd. (TSX-V: RMG) ("Rainmaker") announces that Rick Patmore has resigned from his position as President, CEO and as a Director of the company with immediate effect. Alan Young, Director and CFO has also resigned. As a result, neither Mr. Patmore nor Mr. Young will stand for re-election in the upcoming Annual General Meeting of shareholders scheduled for April 9, 2015.

The effect of the resignations and withdrawal of consent to be reappointed is that the Board will be seeking nominations from the floor to fill the vacancies created by the resignations of Mr. Patmore and Mr. Young. In that regard, Bev Funston has agreed to stand for re-election.

The company also announces the appointment of Daniel Caamano to the Board of Directors on an interim basis. Mr. Caamano has also agreed to stand for election to the Board of Directors at the Annual General Meeting should he become a nominee at that time. Mr. Caamano is currently the President and CEO of Global Copper Group Inc.

About Rainmaker

Rainmaker is focused on the development, acquisition, and exploration of Western Canadian proppant projects with the goal of being amongst the lowest cost producers. Proppant, or frac sands, are used in unconventional oil and gas production from tight shale formations. This special sand is used to provide a pathway for hydrocarbons to flow by *propping* open fractures. Wells are being drilled deeper and more hydraulic fractures placed, therefore, the demand for frac sand will continue increasing.
