This is the form of a material change report required under Section 85(1) of the Securities Act.

FORM 27

BRITISH COLUMBIA SECURITIES ACT

MATERIAL CHANGE REPORT UNDER SECTION 85(1) OF THE ACT

NOTE: This form is intended as a guideline. A letter or other document may be used if the substantive requirements of this form are complied with.

NOTE: Every report required to be filed under Section 85(1) of the Act shall be sent to the Commission in an envelope addressed to the Commission and marked "Continuous Disclosure".

NOTE: WHERE THIS REPORT IS FILED ON A CONFIDENTIAL BASIS PUT AT THE BEGINNING OF THE REPORT IN BLOCK CAPITALS "CONFIDENTIAL - SECTION 85", AND EVERYTHING THAT IS REQUIRED TO BE FILED SHALL BE PLACED IN AN ENVELOPE ADDRESSED TO THE SECRETARY OF THE COMMISSION MARKED "CONFIDENTIAL".

Item 1. Reporting Issuer

State the full name and address of the principal office in Canada of the reporting issuer:

Automated Recycling Inc. (the "Company")
1255 West Pender Street
Vancouver, BC V6E 2V1
Phone: (604) 687-2038

Item 2. Date of Material Change

November 7, 2000.

Item 3. Press Release

The Press Release dated November 7, 2000 was disseminated to North American media and Financial Disclosure via BCE Emergis.

A copy of the Press Release is attached as Schedule "A".

Item 4. **Summary of Material Change**

OceanLake Commerce Inc., ("OceanLake Commerce") a wholly owned subsidiary of Automated Recycling Inc., announced a partnership with Verisign, Inc. to provide secure transaction applications for wireless consumers ranging from authentication services to secure payment services using Verisign's Wireless Trust Services platform. The integration of the two companies' product means a higher degree of protection for confidential information such as credit card numbers, online forms and financial data from interception and hacking accomplished though the use of public key infrastructures (PKI) and digital certificate technologies.

Item 5. **Full Description of Material Change**

Supplement the summary required under item 4 with the disclosure which should be sufficiently complete to enable a reader to appreciate the significance of the material change without reference to other material. Management is in the best position to determine what facts are significant and must disclose those facts in a meaningful manner. See also item 7.

The description of the significant facts relating to the material change will therefore include some or all of the following: dates, parties, terms and conditions, description of any assets, liabilities or capital affected, purpose, financial or dollar values, reasons for the change, and a general comment on the probable impact on the reporting issuer or its subsidiaries. Specific financial forecasts would not normally be required to comply with this form.

The above list merely described examples of some of the facts which may be significant. The list is not intended to be inclusive or exhaustive of the information required in any particular situation.

For a full description of the material change, see Appendix "A".

Item 6. **Reliance on Section 85(2) of the Act**

If the report is being filed on a confidential basis in reliance of Section 85(2) of the Act, state the reasons for such reliance.

INSTRUCTION:

Refer to Section 85(3) of the Act concerning continuing obligations in respect of reports filed pursuant to this subsection.

Not Applicable.

Item 7. **Omitted Information**

In certain circumstances where a material change has occurred and a material change report has been or is about to be filed but s. 85(3) of the Act will no longer be relied upon, a reporting issuer may nevertheless believe one or more significant facts otherwise required to be disclosed in the material change report should remain confidential and not be disclosed or not be disclosed in full detail in the material change report.

State whether any information has been omitted on this basis and provide the reasons for any such omission in sufficient detail to permit the Commission to exercise its discretion pursuant to s. 169(3) of the Act.

The reasons for the omission may be contained in a separate letter filed as provided in section 153 of the Securities Rules.

Not Applicable.

OceanLake Commerce Partners with VeriSign to Enable Secure Transactions for Wireless Subscribers

- VeriSign’s Wireless Developer Program Enables Secure Wireless eBusiness -

San Jose, California – November 7, 2000 – OceanLake Commerce, Inc., a wholly owned subsidiary of Automated Recycling Inc. (CDNX: ENA), today announced a partnership with VeriSign, Inc. (NASDAQ: VRSN) to provide secure transaction applications for wireless consumers. OceanLake Commerce is the most recent partner of VeriSign’s Wireless Developer Program, further extending the market reach of OceanLake’s powerful mScopeä wireless enabling technology. OceanLake is partnering with VeriSign to deliver a range of secure wireless transaction services ranging from authentication services to secure payment services using VeriSign’s Wireless Trust Services platform.

OceanLake’s mScope Wireless Internet Platform is integrated with VeriSign’s Wireless Trust Services Platform enabling wireless users to verify the identity of ebusiness sites, and for ebusiness sites to authenticate the identity of the wireless user. The integration of the two companies’ products means a higher degree of protection for confidential information such as credit card numbers, online forms, and financial data from interception and hacking. This is accomplished through the use of public key infrastructure (PKI) and digital certificate technologies.

"We are delighted to be working with VeriSign, who are contributing their extensive experience in developing secure transaction infrastructures,” said Steve Koskie, President and CEO of OceanLake Commerce, Inc." Customers are the real beneficiaries of our collaboration, as this gives them the possibility to implement secure m-commerce applications within the framework of their existing Web presence.”

"Mobile commerce will be the next technology to explode around the globe, and the need for innovative wireless applications is imperative," said Paul Healy, Senior Director of Global Wireless Services for VeriSign. "Successful and secure m-commerce transactions are the only acceptable standard, and through the integration of VeriSign's proven experience in developing trust services for the Internet, with Oceanlake’s mScope Wireless Internet Platform, we are making it happen."
