

Edgewater Wireless Reports Results of Annual General Meeting

Ottawa, ON April 22, 2015 — Edgewater Wireless Systems Inc. (TSX-V: YFI), the manufacturer of WiFi3™ technology for high-density WiFi applications, today announced that at its Annual General Meeting of Shareholders ("AGM") held on April 21, 2015, all resolutions proposed to shareholders were duly passed.

The entire Edgewater Wireless Board of Directors and Management were in attendance as well as a diverse group of shareholders. The number of directors was set at four (4) with the election of the following individuals as directors of the Company: Duane Anderson, Claude Haw, Hubert Whyte and J. Lewis Dillman. Additionally, the Company appointed KPMG LLP as auditors of the company and the Company's 10% rolling Stock Option Plan was approved.

"We are tremendously pleased with the confidence our investors have shown in Edgewater Wireless, our technology and team as we move the company forward in 2015." said Andrew Skafel, CEO of Edgewater Wireless. "Edgewater Wireless continues to build momentum in the high-density Wi-Fi market and will be executing on pilot projects in multiple markets in the upcoming quarter."

About Edgewater Wireless Systems Inc.:

Edgewater Wireless develops and commercializes leading edge technologies and intellectual property for the communications market. Edgewater Wireless delivers advanced product solutions designed to meet the high-density, high quality of service (QoS) and high-reliability needs of service providers and their customers. Leveraging over twenty (20) patents, Edgewater's WiFi3™ is redefining Wi-Fi technology with its wide-band, multi-channel radio and high-capacity Access Point solutions, and delivering next generation Wi-Fi, today.

The best solution for High-Density Wi-Fi networks, Edgewater Wireless WiFi3™ powered access point products enable innovative service providers to plan, build and deploy reliable, high-capacity services (like VoWiFi) for high-density wireless data demand in any environment.

Do more with less! Fewer access points delivering high quality service at a lower overall deployment cost make our patented WiFi3 technology the right choice for your next Wi-Fi network.
