

## Edgewater Wireless Receives TSX Venture Exchange Approval for Warrant Amendment

**August 16, 2018 --Ottawa, Canada** - Edgewater Wireless Systems Inc. ([TSX.V: YFI](#)) ([OTCQB: KPIFF](#)), the developer of WiFi3™ multi-channel WiFi chipsets and access point products for high-density wireless networks is announcing it has received approval from the TSX Venture Exchange for the previously announced amendment to extend the term of an aggregate of 6,167,625 outstanding share purchase warrants set to expire on August 24, 2018 by two years to August 24, 2020.

The warrants were issued pursuant to a non-brokered private placement of units completed by the Company on August 24, 2016 with an original term of two years. The extension to the term of the warrants is subject to the acceptance of the TSX Venture Exchange.

The expiry date of the warrants was extended to August 24, 2020.

For further information on the amendment of the warrants, please see the Company's news release issued on August 10th, 2018.

Backed by 24 patents, Edgewater's WiFi3™ is designed for high-density WiFi applications. Edgewater's technology mitigates adjacent and co-channel interference to enable multiple, concurrent channels of transmit and receive from a single WiFi standards-compliant radio. Delivering the highest channel density in the industry means fewer access points to deliver the highest quality of service for users in high-density environments. ### About Edgewater Wireless Systems Inc.:

Edgewater Wireless develops and commercializes leading edge technologies and intellectual property for the communications market. Edgewater Wireless delivers advanced product solutions designed to meet the high-density, high quality of service (QoS) and high-reliability needs of service providers and their customers. Leveraging over twenty-four (24) patents, Edgewater's WiFi3™ is redefining WiFi technology with its wide-band, multi-channel radio and high-capacity Access Point solutions, and delivering next generation WiFi, today.

The best solution for High-Density WiFi networks, Edgewater Wireless WiFi3 powered access point products enable innovative service providers to plan, build and deploy reliable, high-capacity services (like VoWiFi) for high-density wireless data demand in any environment.

Do more with less! Fewer access points delivering high quality service at a lower overall deployment cost make our patented WiFi3™ technology the right choice for your next WiFi network.
